RIVER AND HARBOR BILL IN THE HOUSE.

Washington, March 17.—The senate at 3 o'clock this afternoon began voting on the shipping subsidy bill. It will be passed, with some modifications accepted by the majority. The senate met at 11 o'clock with the understanding that a final vote should be taken at 3 o'clock.

In his closing speech on the ship subsidy bill Mr. Frye said he would accept the amendments offered by Mr. Allison limiting the time of the operation of the measure because he believed they were in the interest of the bill.

The various amendments offered by Mr. Vest to the bill were voted down. The vote on the Vest amendments stood 25 to 48—a strict party vote with the exception of McLaurin (S. C.), who voted with the republicans.

The amendments of Mr. Allison limiting the time when contracts for the mail subsidy could be made to July 1, 1901; that no contract shall extend beyond July 1, 1920; that all vessels shall be of class A 1, and also that not more than $5,000,000 shall be expended in any one year up to July 1, 1907, under contracts provided for by the bill, and after that date not more than $6,000,000 per annum, were agreed to without division.

The Allison amendment providing that no vessels shall be entitled to the full compensation under the bill unless she shall have cleared from the port of the United States with a cargo to the amount of 50 per cent. of her carrying capacity, was defeated—33 to 37.

By agreement the voting on the bill and all pending amendments was fixed for 3 p. m., speeches on the measure to be limited to fifteen minutes, except that Mr. Frye, in charge of the bill, was granted thirty minutes in which to reply to arguments made against the bill.

A resolution providing for the appointment of a board to investigate the project of constructing an inter-oceanic canal across the isthmus of Darien was reported unfavorably by the inter-oceanic canals committee and was indefinitely postponed.

THE CALENDAR CLEARED.

Pending discussion of the ship subsidy bill a large number of bills were taken up and passed, the senate clearing the calendar of public bills before ceasing consideration of these measures.

As the last public bill on the calendar was passed Mr. Hale remarked that in all his experience he had never before known the last public bill on the calendar to be reached and disposed of. "It is an indication that the senate is doing business," said he.

The ship subsidy bill then was taken up and Mr. Gallinger (N. H.) spoke in favor of it. He said he was not troubled about the constitutionality of the proposed law or the charge that the subsidy is a gift to private interests. If it shall prove to be a gift, said he, "it will be no worse than other legislation that has had the support of some senators who seem to be greatly distressed over the pending measure." He then referred to the large annual appropriations paid southern railroads for fast mail and the river and harbor appropriations.

"The capacious and rapacious maw of the Mississippi river will be opened," said he, "and will take in millions of public money."

Mr. Patterson (Col.) discussed briefly his proposed amendment to prevent the employment of Chinese seamen on subsidized vessels. He said the amendment had the approval of the American Federation of Labor and the International Seamen's union. American labor had been driven from employement on ships on the Pacific coast by Chinese labor.

COUNTRY LOSES NOTHING.

Mr. Money (Miss.) said it had been claimed that the American people were losing $160,000,000 a year because that amount was paid to foreign bottoms for carrying our commerce. As a fact, the United States had lost nothing, as it simply paid a reasonable rate for services rendered.

SUGAR MEMBERS WILL NOT YIELD ON TARIFF

Washington, March 17.—The meeting of republican members opposing the ways and means committee on Cuban reciprocity lasted an hour and resulted in an agreement not to accept any compromise involving a reduction of tariff duties. This in effect is an instruction to insist upon the rebate plan as against the reciprocity plan.

The meeting was attended by fifty-two republican members. A resolution had been framed by Representative Tawney and this served as the basis of action.

the proposition to apply the anti-trust laws to ship owners who enter into a conspiracy in restraint of trade.

Mr. Frye declared that ten years ago England carried 63 per cent of the ocean trade of the world, while now England carried only 53 per cent of that trade. Great Britain, he said, was losing the world's carrying trade.

IN THE HOUSE.

Washington, March 17.—Sprays of shamrock in honor of St. Patrick's day graced the lapels of the coats of half of the members when the house met today.

Immediately after the approval of the journal the house went into committee of the whole and commenced the consideration of the river and harbor bill. Mr. Burton, of Ohio, who was in charge of the measure, in his opening statement, said he would not discuss the benefits to commerce and trade from the appropriations contained in the bill, but would confine himself at some length to discussing some popular misapprehensions with reference to it. In the first place, he said, the impression existed that the bill carried something over $60,000,000 for the ensuing fiscal year, whereas it carried but $24,000,000 of actual appropriations, the remaining $36,000,000 being authorized to be appropriated under the contract system.

FLOODS IN THE SOUTHLAND

FAIR AND COLDER WEATHER HAS HELPED SOME.

Rivers are Still Very High and a Great Deal of Damage is the Result.

Atlanta, Ga., March 17.—Fair and colder weather in north Alabama and Georgia has caused a slight decline in the stages of the swollen rivers in that part of the two states. The rain area today covers the immediate Atlantic coast from Florida north and the rivers in that section of the country are still rising.

The Flint river at Albany, Ga., has reached a stage within five feet of all previous high-water marks and from present indications it is believed the high-water mark will probably be passed. All streams are overflowed and many lowlands inundated. The loss to farmers will be heavy.

Reports from Augusta, Ga., say that the Savannah river at that point is 27 feet, 6 inches and still rising. No danger is apprehended unless additional rains fall in the upper portions of the state. The lowlands below that city are under water and it is said planting will be retarded for ten days. Several cotton mills were forced to close down by noon, the water having entered their plants.

MAGNATES WATER BOUND.

Brunswick, Ga., March 17.—J. Pierpont Morgan and party, who have been trying to get away from Jekyl since Friday, are still delayed on account of the prevailing bad weather. Everything was in readiness for the party to leave today and all baggage was aboard, but Mr. Morgan thought it was too rough to make the trip from Jekyl to Brunswick. His special train is in readiness and the party will probably leave tonight for Cincinnati. The washout on the Southern near Everett City has been repaired and trains are running on time. The surrounding country, however, is flooded by the heavy rains of the past few days.

CECIL RHODES WEAKER.

LIFE SAVERS LOST

CAPTAIN AND SIX MEN ARE DROWNED AT SEA.

LIFEBOAT WAS CAPSIZED

WERE GOING TO RELIEF OF A DISTRESSED BARGE.

BUT ONE OF CREW ESCAPED

FIVE OF SHIP'S CREW LOST FROM SAME BOAT.

Chatham, Mass., March 17.—Seven members of the crew of the Monomoy life saving station, including the captain, were drowned today, while trying to reach a distressed barge in a terrific sea. One boatman, Surfman Ellis, was rescued by a sailor from the barge which summoned the life savers to her assistance. He was unconscious for hours, so that the details of the disaster could not be learned.

THE DEAD.

The men who perished are:

Captain Marshall Eldridge, South Chatham.

Edgar Small, Harwich.

Elijah Kendrick, Harwich.

Osborn Chase, Harwick.

Arthur Rogers, North Harwich.

Thomas Foye, South Chatham.

Valentine Nickerson, Harwich.

Captain Eldridge was a widower. All the others were married and had families.

FIVE OTHERS DROWNED.

Five persons from the barge Wardena, in addition to the seven members of the life saving crew, were lost by the capsizing of the surfboat of the Monomoy station. Surfman Ellis, on regaining consciousness, made known the fact that the lifeboat had reached the barge and had taken on board five persons from the barge and was returning to the shore when it capsized. These men were lost in addition to the crew, making twelve in all who perished.

HAS NOTHING MORE TO SAY

SECRETARY AND HOUSE BOER RESOLUTION.

But He Will Issue Passports to Dr. and Mrs. Thomas to Go to South Africa.

Washington, March 17.—Secretary Hay will not make further response to the house resolution inquiring into the facts connected with the application of Rev. Dr. and Mrs. Thomas for passports to reach the Boer camps. All the facts in the case were set out in the secretary's letter written in anticipation of the passage of the resolution of inquiry and read by Mr. Hitt to the committee on foreign affairs. The secretary is communicating with Governor Yates, of Illinois, who initiated the movement to send the Thomases to South Africa, to ascertain what is wanted by the contributors to the fund. It has been reported that the total of this fund is but $6,000, a sum scarcely large enough to cover the expenses of sending these two persons to South Africa and maintaining them there, and if the only purpose is to help the Boer women and children in the camps the state department is willing to further it by sending the money through the United States consular officers in South Africa, and thus reducing the expense of distribution to nothing. But if the contributors to the fund prefer to employ their own agents, they will be provided with passports, as would any other American citizens and it is understood that they also will be extended the same facilities as the German agents for entering the Boer camps, of course, under surveillance of British army officers.

TROOPS ARE SENT HOME.

Norfolk, Va., March 17.—The troops which have been on duty here during the strike of the street car men, left for their homes this morning. It is thought by many that it will be necessary to recall them. The first trouble following the withdrawal of the troops occurred on the Ocean View line. A rock was tied to a trolley wire and when a car passed at high speed it was thrown against each window and the passengers were cut by flying glass. Eighteen union men returned to work this morning. If there is trouble tonight the militia will be returned and held until the disturbance ceases.

MINISTER CLAYTON'S DENIAL.

[illegible], March 17.—A tele-

gram has been received by Secretary Hay from Powell Clayton, United States ambassador to Mexico, declaring that the charges preferred against him connecting his name with the ownership of Mexican mining stocks are false. It is said at the department that there is nothing in the law or regulations to prohibit a minister or ambassador from holding stocks or even engaging in business in the country to which he is accredited. It is further stated at the department, and this has an important bearing upon the charges preferred against Ambassador Clayton, that in every step taken by him in the Mealy case he acted with the approval and in most cases by the direction of the department.

HEAVY BLOW TO BRYN MAWR

DENBEIGH HALL DESTROYED BY FLAMES.

Was Finest of the College Buildings and Cost $190,000—Rockefeller Gift Endangered.

Philadelphia, March 17.—The loss resulting from the fire at Bryn Mawr college last night will be much greater than was at first supposed. Denbeigh hall, the finest of the college buildings, which was erected at a cost of $190,000, was entirely destroyed, and its contents, valued at $35,000, at least, were consumed. Seventy young women occupied chambers in Denbeigh hall and their individual losses have not yet been learned. Miss Thomas, president of the college, said today that during the progress of the fire there had been some looting by strange men, but added that the thefts of jewels, etc., were not extensive.

Denbeigh hall was erected in 1891 According to location tuition, board and residence in this bulding cost the student from $400 to $575.

President Thomas is fearful that the offer of $250,000 by John D. Rockefeller, conditioned on an equal amount being raised, will be endangered, as the college will have hard work to recover from the effects of the fire.

TOOK A TUMBLE.

Just as the six weeks of winter prescribed by that eminent meterological sage, the groundhog, has expired, the weather took a queer turn, possibly upon its own account, and beginning at 2 o'clock Sunday afternoon, there was a marked drop in temperature that brought much discomfort. The severity of the chill was emphasized by the unusually mild weather that had been prevailing, and accompanying the cold was a varied assortment of winds, but all of a boisterous character. At noon Sunday the thermometer stood at 46 degrees above zero; at 6 o'clock it had dropped 15 degrees, and at midnight the reading was 21. The descent continued until the low point, 14 degrees, was reached at 10 o'clock today, and after that hour there was an upward trend of the mercury, though colder weather is promised for tonight.

Older citizens today are recalling another meterological surprise which occurred just thirty-four years ago today, when Fort Wayne was in the pathway of a cyclone which unroofed and badly damaged hundreds of buildings in the city.

MANY VETERANS PRESENT.

Funeral services for the late William H. McClelland were held Sunday afternoon from the residence, on Cass street, and among the hundreds of friends who paid a last tribute of respect to the memory of the well known veteran were forty-one of his former comrades in the Eighty-eighth Indiana regiment. Included in the number were Col. C. E. Briant, of Huntington, who commanded the regiment, and Col. C. B. Oakley, who was once captain of Mr. McClelland's company. The Odd Fellows and the veterans were in charge of the services, and the funeral discourse was delivered by Rev. J. N. Field, of the Baptist church. The interment was at Lindenwood.

A THOROUGH SUCCESS.

The Lenten services for busy men held yesterday afternoon from 4 to 5 o'clock in Plymouth Congregational church proved a success in every way. A very large audience was present and Rev. J. W. Bailey gave a practical address on "The Religion of Living." The music was furnished by the choir of the church, Mrs. Wm. Miles and the Linden quartet. The address at the same hour next Sunday will be "Living of Religion." The choir will be assisted by Mrs. Charles Curtis and the Apollo quartet.

PISTOLS ARE USED

MYSTERIOUS SHOOTING ON EAST CREIGHTON AVENUE.

ARLA FOSTER WAS ATTACKED

HE EXCHANGED SHOTS WITH AN UNKNOWN RIVAL.

PUT ASSAILANT TO FLIGHT

HAD BEEN WARNED, BUT THOUGHT IT A JOKE.

Shortly after leaving the home of a young lady upon whom he had been calling last evening Arla Foster, residing at 244 East Washington street, and employed as a clerk at M. J. Blitz's cigar store, was a target for the pistol of an unknown rival. The bullet, fired at close range, pierced Foster's overcoat, but did not injure him. A moment later Foster had drawn his own revolver and fired at his assailant, who had quickly turned and fled down an alley, but it is believed the shot did not take effect. The shooting occurred at the corner of Oliver street and East Creighton avenue at 11:30 o'clock last night.

The sensational affair came as the denouement of strange circumstance about which there is considerable mystery, and Mr. Foster laid the matter before the police department this morning. For some time the young man has been devoting some attention to Miss Jessie Underhill, residing at 109 Oliver street. Two weeks ago, Mr. Foster says, some unknown person called up Miss Underhill over the telephone and said:

"We will give Arla Foster till one week from next Sunday evening to cease his visits to your home, and if he does not remain away he must suffer the consequences. It will make no difference what is done to try to evade the consequences; we have our plans all laid, and will carry them out."

The voice was the deep, heavy tone of a man, but he declined to disclose his identity to Miss Underhill, and the young lady thought it the work of some friend who was trying to perpetrate a practical joke. She told Mr. Foster of it, however, and while it had been discussed by Miss Underhill and her family, all were disposed to regard the whole matter as a joke. The young man, however, told a few friends of the circumstances, and took the precaution to provide himself with a revolver.

Last evening he made his customary visit to the Underhill home, on Oliver street, a few doors north of East Creighton avenue. As he arose to leave the subject of the telephone warning came up again, the time limit fixed by the unknown conversationalist having just expired, and Mr. Foster laughingly bade Mrs. Underhill and her daughter good-bye. Both announced their intention of keeping watch until the young man was safely aboard a street car headed for his home.

Mr. Foster says he walked the short distance south to Creighton avenue to await the arrival of a car. There was none in sight, and he paced up and down the avenue for a few moments, but as he neared an electric line pole a hundred feet east of Oliver street, the form of a man stepped from behind it, carrying a drawn revolver. The fellow was rather small in stature, wore his coat tightly buttoned about him and a black Fedora hat was drawn low over his eyes, shading the face so that it was impossible to recognize him.

SHOTS EXCHANGED.

The men were but a few feet away, and uttering a muffled exclamation the unknown man fired point blank at Foster. At the same moment Foster had taken a step backward and drawn his own revolver, in which movement he threw the left side of his overcoat backward just in time to be penetrated by the bullet from the gun of his unknown assailant. It tore a great hole through the left side of the garment just below the waist line, and set the torn edges of the hole afire. The moment he had fired the unknown man had turned and fled northward down the alley, and Foster, who admits having been somewhat excited, sent a bullet after him, but does not believe he hit his mark.

The discharge of the weapons brought Mrs. Underhill, her daughter and other members of the household to the scene, but a search of the surroundings failed to find a trace of Foster's assailant. Foster [illegible] to the house, where the fire in his overcoat was extinguished.

None of the persons in any way connected with the situation are able to give a clue to the identity of Foster's assailant, and say they have not even a suspicion as to whom it might have been. The police made a somewhat exhaustive inquiry into the affair this morning, and do not appear to regard it very seriously.

IN THE FROST KING'S GRIP

NORTHWESTERN STATES ARE SEVERELY FROZEN.

Much Damage to Stockmen in the Dakotas—Genuine Winter in Chicago.

St. Paul, Minn., March 17.—The weather in this vicinity today was bright and clear, but high winds emphasized the cold. Louis Orluwski, aged 70 years, was found dead early today on the street, apparently as a result of exposure. Additional details from the terrible storm that has been raging for three days in the Dakotas are slow to arrive, owing principally to the condition of the wires. At least four and possibly many more persons are dead because of the storm and the loss of the stock will be very heavy. Exact figures will be unobtainable for several days. The mild weather of the previous three or four weeks and appearances of an early spring resulted in many farmers and stockmen being caught napping, although warnings were sent out by the weather bureau 48 hours in advance. The storm was felt most by the new settlers, several thousand of whom have moved to North Dakota from the eastern states during the past month. All trains are still tied up in North Dakota, although rotary snow plows and large crews of men have been working steadily in an attempt to clear the track for through trains. Wires are generally down or working badly west of Fargo and Grand Forks.

SEVERE IN CHICAGO.

Chicago, March 17.—Chicago experienced severe winter weather today. Since Saturday there has been a drop in the temperature of 50 degrees. At 9 a. m. today the mercury registered 4 degrees above zero, while a strong wind added to the general discomfort. It is predicted that the temperature will begin to rise tomorrow.

IS PURSUED BY ANARCHISTS

ATTEMPT ON LIFE OF A LUTHERAN PASTOR.

Rev. Houst Assaulted in the Door of His Own Home and Stabbed—Family is Pursued.

Elizabeth, N. J., March 17.—An attempt was made to kill the Rev. Mr. Houst, pastor of the German Lutheran church, of this place, last night. The police believe that the would-be assassins were Italian anarchists. After the shooting of President McKinley Mr. Houst preached a sermon in which he denounced the anarchists and declared they should be driven from the country. On November 28 last his son, Ivan, mysteriously disappeared and the minister subsequently received threatening letters in which it was stated that the boy was in hell and that the father, also, would be sent there. Some weeks ago the little daughter was met on the street by a young man who tried to entice her into a house, but she began to cry, attracting the attention of passers-by and the man took fright and hurried away. Last night Mr. Houst heard steps on the porch of his home and he went out to investigate. As he did so he was knocked down by a blow on the head with some kind of blunt instrument. While he was prostrate one of his assailants kneeled on his chest, threw a cloth over his face and shoved it into his mouth as a gag, with one hand, while with the other he drove a knife into the minister's chest, inflicting a deep flesh wound. The wounded man was found by his wife and a physician was called. He found that the knife wound was slight, but that the blow on the head had caused serious injury. There is no clue to the assailants.

IS NEARING HOME

DEUTSCHLAND WITH PRINCE HENRY AT PLYMOUTH.

SHORT STAY IN ENGLISH PORT

HIS ROYAL HIGHNESS RESTED AND GLAD TO NEAR HOME.

VOYAGE ACROSS PLEASANT

EMPEROR'S PLANS TO RECEIVE PRINCE HENRY.

Plymouth, England, March 17.—The Deutschland arrived here at 12:30 p. m. and proceeded for Cherbourg and Hamburg at 1:15 p. m. The Deutschland remained three-quarters of an hour in these waters and then proceeded on her journey.

Prince Henry, who was browned, hardy-looking and completely rested after his visit to the United States, spent most of his time on the bridge with the captain or first officer of the steamer.

The prince was on the bridge when the Deutschland entered this harbor and, he waved a cheerful greeting to the German naval attache, Captain Koeper, and other friends who went out to the steamer on the company's tender.

The Deutschland's voyage was pleasant and uneventful. During the first few days the prince was tired out and mixed but little with the other passengers. He dined with his suite at a separate table in the general saloon, but otherwise he passed the time on the bridge or in his own rooms. During the latter part of the voyage, however, the prince appeared frequently on the promenade deck and talked freely and pleasantly with his fellow passengers, as he did on the outward trip.

The passengers speak in the highest terms of Prince Henry's affability to all.

The German consul here, Herr Fox, delivered to the prince a number of telegrams and letters, including a message of welcome from Emperor William. Prince Henry said to Herr Fox:

"I have had a charming time, and, geographically, have seen a third of the United States. I am glad, of course, to get home."

Vice Admiral Von Seckendorff, the court marshal, said to a representative of the Associated Press:

"We made twenty-three knots an hour and had fine weather all the way. The prince enjoyed his trip and is now keenly anxious to see his family and the emperor."

PREPARE TO RECEIVE PRINCE.

Berlin, March 17.—Emperor William passed Sunday with the empress at the Kiel schloss. This morning his majesty boarded the battleship Kaiser Wilhelm II. and will traverse the canal to Cuxhaven, where he will await the arrival of the Deutschland, having on board Prince Henry of Prussia. Admiral Von Thomsen and other high naval and military officers will participate in the reception of the prince. The Fourth marine artillery and the marine band have been ordered to be present. The cruiser Hela will take Prince Henry ashore after the Deutschland anchors before Cuxhaven. Then Emperor William, Prince Henry and the latter's suite will board the Kaiser Wilhelm II., which will immediately sail for Kiel.

STAKED OFF NEW BUILDING.

Stakes that mark the outlines of the foundation for the new high school and manual training school building, to be erected at Barr and Lewis streets, were driven at 10 o'clock this morning. Those present were President Hamilton and Treasurer Rockhill, of the school board; City Engineer Randall, Architect Weatherhogg and Messrs. Wahrenburg & Bunching, who have a sub-contract from Keller & Britain for the excavating and foundation work. City Engineer Randall ran the lines, but the weather was too chilly for a formal ceremony and any item on the program. Contractor Roney, who was given the general construction contract, has notified the board that his surety bond for $40,000 will be forwarded from New York within a few days. Work is to go forward upon the new building at once.

The women's Bible meeting of the Wayne street M. E. church will be held in the Sunday school of the church tomorrow afternoon, from 3 to 4 o'clock. The lesson will be Genesis, chapters 49 and 50, and Exodus, chapters 1 to 4. Every lady is welcome.

BUT ONE OF CREW ESCAPED

FIVE OF SHIP'S CREW LOST FROM SAME BOAT.

Chatham, Mass., March 17.—Seven members of the crew of the Monomoy life saving station, including the captain, were drowned today, while trying to reach a distressed barge in a terrific sea. One boatman, Surfman Ellis, was rescued by a sailor from the barge which summoned the life savers to her assistance. He was unconscious for hours, so that the details of the disaster could not be learned.

THE DEAD.

The men who perished are:

Captain Marshall Eldridge, South Chatham.

Edgar Small, Harwich.

Elijah Kendrick, Harwich.

Osborn Chase, Harwich.

Arthur Rogers, North Harwich.

Thomas Foye, South Chatham.

Valentine Nickerson, Harwich.

Captain Eldridge was a widower. All the others were married and had families.

FIVE OTHERS DROWNED.

Five persons from the barge Wardena, in addition to the seven members of the life saving crew, were lost by the capsizing of the surfboat of the Monomoy station. Surfman Ellis, on regaining consciousness, made known the fact that the lifeboat had reached the barge and had taken on board five persons from the barge and was returning to the shore when it capsized. These men were lost in addition to the crew, making twelve in all who perished.

HAS NOTHING MORE TO SAY

SECRETARY AND HOUSE BOER RESOLUTION.

But He Will Issue Passports to Dr. and Mrs. Thomas to Go to South Africa.

Washington, March 17.—Secretary Hay will not make further response to the house resolution inquiring into the facts connected with the application of Rev. Dr. and Mrs. Thomas for passports to reach the Boer camps. All the facts in the case were set out in the secretary's letter written in anticipation of the passage of the resolution of inquiry and read by Mr. Hitt to the committee on foreign affairs. The secretary is communicating with Governor Yates, of Illinois, who initiated the movement to send the Thomases to South Africa, to ascertain what is wanted by the contributors to the fund. It has been reported that the total of this fund is but $6,000, a sum scarcely large enough to cover the expenses of sending these two persons to South Africa and maintaining them there, and if the only purpose is to help the Boer women and children in the camps the state department is willing to further it by sending the money through the United States consular officers in South Africa, and thus reducing the expense of distribution to nothing. But if the contributors to the fund prefer to employ their own agents, they will be provided with passports, as would any other American citizens and it is understood that they also will be extended the same facilities as the German agents for entering the Boer camps, of course, under surveillance of British army officers.

TROOPS ARE SENT HOME.

Norfolk, Va., March 17.—The troops which have been on duty here during the strike of the street car men, left for their homes this morning. It is thought by many that it will be necessary to recall them. The first trouble following the withdrawal of the troops occurred on the Ocean View line. A rock was tied to a trolley wire and when a car passed at high speed it was thrown against each window and the passengers were cut by flying glass. Eighteen union men returned to work this morning. If there is trouble tonight the militia will be returned and held until the disturbance ceases.

MINISTER CLAYTON'S DENIAL.

Washington, March 17.—A telegram has been received by Secretary Hay from Powell Clayton, United States ambassador to Mexico, declaring that the charges preferred against him connecting his name with the ownership of Mexican mining stocks are false. It is said at the department that there is nothing in the law or regulations to prohibit a minister or ambassador from holding stocks or even engaging in business in the country to which he is accredited. It is further stated at the department, and this has an important bearing upon the charges preferred against Ambassador Clayton, that in every step taken by him in the Mealy case he acted with the approval and in most cases by the direction of the department.

HEAVY BLOW TO BRYN MAWR

DENBEIGH HALL DESTROYED BY FLAMES.

Was Finest of the College Buildings and Cost $190,000—Rockefeller Gift Endangered.

Philadelphia, March 17.—The loss resulting from the fire at Bryn Mawr college last night will be much greater than was at first supposed. Denbeigh hall, the finest of the college buildings, which was erected at a cost of $190,000, was entirely destroyed, and its contents, valued at $35,000, at least, were consumed. Seventy young women occupied chambers in Denbeigh hall and their individual losses have not yet been learned. Miss Thomas, president of the college, said today that during the progress of the fire there had been some looting by strange men, but added that the thefts of jewels, etc., were not extensive.

Denbeigh hall was erected in 1891. According to location tuition, board and residence in this bulding cost the student from $400 to $575.

President Thomas is fearful that the offer of $250,000 by John D. Rockefeller, conditioned on an equal amount being raised, will be endangered, as the college will have hard work to recover from the effects of the fire.

TOOK A TUMBLE.

Just as the six weeks of winter prescribed by that eminent meterological sage, the groundhog, has expired, the weather took a queer turn, possibly upon its own account, and beginning at 2 o'clock Sunday afternoon, there was a marked drop in temperature that brought much discomfort. The severity of the chill was emphasized by the unusually mild weather that had been prevailing, and accompanying the cold was a varied assortment of winds, but all of a boisterous character. At noon Sunday the thermometer stood at 46 degrees above zero; at 6 o'clock it had dropped 15 degrees, and at midnight the reading was 21. The descent continued until the low point, 14 degrees, was reached at 10 o'clock today, and after that hour there was an upward trend of the mercury, though colder weather is promised for tonight.

Older citizens today are recalling another meterological surprise which occurred just thirty-four years ago today, when Fort Wayne was in the pathway of a cyclone which unroofed and badly damaged hundreds of buildings in the city.

MANY VETERANS PRESENT.

Funeral services for the late William H. McClelland were held Sunday afternoon from the residence, on Cass street, and among the hundreds of friends who paid a last tribute of respect to the memory of the well known veteran were forty-one of his former comrades in the Eighty-eighth Indiana regiment. Included in the number were Col. C. E. Briant, of Huntington, who commanded the regiment, and Col. C. B. Oakley, who was once captain of Mr. McClelland's company. The Odd Fellows and the veterans were in charge of the services, and the funeral discourse was delivered by Rev. J. N. Field, of the Baptist church. The interment was at Lindenwood.

A THOROUGH SUCCESS.

The Lenten services for busy men held yesterday afternoon from 4 to 5 o'clock in Plymouth Congregational church proved a success in every way. A very large audience was present and Rev. J. W. Bailey gave a practical address on "The Religion of Living." The music was furnished by the choir of the church, Mrs. Wm. Miles and the Linden quartet. The address at the same hour next Sunday will be "Living of Religion." The choir will be assisted by Mrs. Charles Curtis and the Apollo quartet.

PISTOLS ARE USED

MYSTERIOUS SHOOTING ON EAST CREIGHTON AVENUE.

ARLA FOSTER WAS ATTACKED

HE EXCHANGED SHOTS WITH AN UNKNOWN RIVAL.

PUT ASSAILANT TO FLIGHT

HAD BEEN WARNED, BUT THOUGHT IT A JOKE.

Shortly after leaving the home of a young lady upon whom he had been calling last evening Arla Foster, residing at 244 East Washington street, and employed as a clerk at M. J. Blitz's cigar store, was a target for the pistol of an unknown rival. The bullet, fired at close range, pierced Foster's overcoat, but did not injure him. A moment later Foster had drawn his own revolver and fired at his assailant, who had quickly turned and fled down an alley, but it is believed the shot did not take effect. The shooting occurred at the corner of Oliver street and East Creighton avenue at 11:30 o'clock last night.

The sensational affair came as the denouement of strange circumstance about which there is considerable mystery, and Mr. Foster laid the matter before the police department this morning. For some time the young man has been devoting some attention to Miss Jessie Underhill, residing at 109 Oliver street. Two weeks ago, Mr. Foster says, some unknown person called up Miss Underhill over the telephone and said:

"We will give Arla Foster till one week from next Sunday evening to cease his visits to your home, and if he does not remain away he must suffer the consequences. It will make no difference what is done to try to evade the consequences; we have our plans all laid, and will carry them out."

The voice was the deep, heavy tone of a man, but he declined to disclose his identity to Miss Underhill, and the young lady thought it the work of some friend who was trying to perpetrate a practical joke. She told Mr. Foster of it, however, and while it had been discussed by Miss Underhill and her family, all were disposed to regard the whole matter as a joke. The young man, however, told a few friends of the circumstances, and took the precaution to provide himself with a revolver.

Last evening he made his customary visit to the Underhill home, on Oliver street, a few doors north of East Creighton avenue. As he arose to leave the subject of the telephone warning came up again, the time limit fixed by the unknown conversationalist having just expired, and Mr. Foster laughingly bade Mrs. Underhill and her daughter good-bye. Both announced their intention of keeping watch until the young man was safely aboard a street car headed for his home.

Mr. Foster says he walked the short distance south to Creighton avenue to await the arrival of a car. There was none in sight, and he paced up and down the avenue for a few moments, but as he neared an electric line pole a hundred feet east of Oliver street, the form of a man stepped from behind it, carrying a drawn revolver. The fellow was rather small in stature, wore his coat tightly buttoned about him and a black Fedora hat was drawn low over his eyes, shading the face so that it was impossible to recognize him.

SHOTS EXCHANGED.

The men were but a few feet away, and uttering a muffled exclamation the unknown man fired point blank at Foster. At the same moment Foster had taken a step backward and drawn his own revolver, in which movement he threw the left side of his overcoat backward just in time to be penetrated by the bullet from the gun of his unknown assailant. It tore a great hole through the left side of the garment just below the waist line, and set the torn edges of the hole afire. The moment he had fired the unknown man had turned and fled northward down the alley, and Foster, who admits having been somewhat excited, sent a bullet after him, but does not believe he hit his mark.

The discharge of the weapons brought Mrs. Underhill, her daughter and other members of the household to the scene, but a search of the surroundings failed to find a trace of Foster's assailant. Foster returned to the house, where the fire in his overcoat was extinguished.

None of the persons in any way connected with the situation are able to give a clue to the identity of Foster's assailant, and say they have not even a suspicion as to whom it might have been. The police made a somewhat exhaustive inquiry into the affair this morning, and do not appear to regard it very seriously.

IN THE FROST KING'S GRIP

NORTHWESTERN STATES ARE SEVERELY FROZEN.

Much Damage to Stockmen in the Dakotas—Genuine Winter in Chicago.

St. Paul, Minn., March 17.—The weather in this vicinity today was bright and clear, but high winds emphasized the cold. Louis Orluwski, aged 70 years, was found dead early today on the street, apparently as a result of exposure. Additional details from the terrible storm that has been raging for three days in the Dakotas are slow to arrive, owing principally to the condition of the wires. At least four and possibly many more persons are dead because of the storm and the loss of the stock will be very heavy. Exact figures will be unobtainable for several days. The mild weather of the previous three or four weeks and appearances of an early spring resulted in many farmers and stockmen being caught napping, although warnings were sent out by the weather bureau 48 hours in advance. The storm was felt most by the new settlers, several thousand of whom have moved to North Dakota from the eastern states during the past month. All trains are still tied up in North Dakota, although rotary snow plows and large crews of men have been working steadily in an attempt to clear the track for through trains. Wires are generally down or working badly west of Fargo and Grand Forks.

SEVERE IN CHICAGO.

Chicago, March 17.—Chicago experienced severe winter weather today. Since Saturday there has been a drop in the temperature of 50 degrees. At 9 a. m. today the mercury registered 4 degrees above zero, while a strong wind added to the general discomfort. It is predicted that the temperature will begin to rise tomorrow.

IS PURSUED BY ANARCHISTS

ATTEMPT ON LIFE OF A LUTHERAN PASTOR.

Rev. Houst Assaulted in the Door of His Own Home and Stabbed—Family is Pursued.

Elizabeth, N. J., March 17.—An attempt was made to kill the Rev. Mr. Houst, pastor of the German Lutheran church, of this place, last night. The police believe that the would-be assassins were Italian anarchists. After the shooting of President McKinley Mr. Houst preached a sermon in which he denounced the anarchists and declared they should be driven from the country. On November 28 last his son, Ivan, mysteriously disappeared and the minister subsequently received threatening letters in which it was stated that the boy was in hell and that the father, also, would be sent there. Some weeks ago the little daughter was met on the street by a young man who tried to entice her into a house, but she began to cry, attracting the attention of passers-by and the man took fright and hurried away. Last night Mr. Houst heard steps on the porch of his home and he went out to investigate. As he did so he was knocked down by a blow on the head with some kind of blunt instrument. While he was prostrate one of his assailants kneeled on his chest, threw a cloth over his face and shoved it into his mouth as a gag, with one hand, while with the other he drove a knife into the minister's chest, inflicting a deep flesh wound. The wounded man was found by his wife and a physician was called. He found that the knife wound was slight, but that the blow on the head had caused serious injury. There is no clue to the assailants.

The yearly meeting of the congregation of the Third Presbyterian church will be held next Friday evening.

IS NEARING HOME

DEUTSCHLAND WITH PRINCE HENRY AT PLYMOUTH.

SHORT STAY IN ENGLISH PORT

HIS ROYAL HIGHNESS RESTED AND GLAD TO NEAR HOME.

VOYAGE ACROSS PLEASANT

EMPEROR'S PLANS TO RECEIVE PRINCE HENRY.

Plymouth, England, March 17.—The Deutschland arrived here at 12:30 p. m. and proceeded for Cherbourg and Hamburg at 1:15 p. m. The Deutschland remained three-quarters of an hour in these waters and then proceeded on her journey.

Prince Henry, who was browned, hardy-looking and completely rested after his visit to the United States, spent most of his time on the bridge with the captain or first officer of the steamer.

The prince was on the bridge when the Deutschland entered this harbor and he waved a cheerful greeting to the German naval attache, Captain Koeper, and other friends who went out to the steamer on the company's tender.

The Deutschland's voyage was pleasant and uneventful. During the first few days the prince was tired out and mixed but little with the other passengers. He dined with his suite at a separate table in the general saloon, but otherwise he passed the time on the bridge or in his own rooms. During the latter part of the voyage, however, the prince appeared frequently on the promenade deck and talked freely and pleasantly with his fellow passengers, as he did on the outward trip.

The passengers speak in the highest terms of Prince Henry's affability to all.

The German consul here, Herr Fox, delivered to the prince a number of telegrams and letters, including a message of welcome from Emperor William. Prince Henry said to Herr Fox:

"I have had a charming time, and, geographically, have seen a third of the United States. I am glad, of course, to get home."

Vice Admiral Von Seckendorff, the court marshal, said to a representative of the Associated Press:

"We made twenty-three knots an hour and had fine weather all the way. The prince enjoyed his trip and is now keenly anxious to see his family and the emperor."

PREPARE TO RECEIVE PRINCE.

Berlin, March 17.—Emperor William passed Sunday with the empress at the Kiel schloss. This morning his majesty boarded the battleship Kaiser Wilhelm II. and will traverse the canal to Cuxhaven, where he will await the arrival of the Deutschland, having on board Prince Henry of Prussia. Admiral Von Thomsen and other high naval and military officers will participate in the reception of the prince. The Fourth marine artillery and the marine band have been ordered to be present. The cruiser Hela will take Prince Henry ashore after the Deutschland anchors before Cuxhaven. Then Emperor William, Prince Henry and the latter's suite will board the Kaiser Wilhelm II., which will immediately sail for Kiel.

STAKED OFF NEW BUILDING.

Stakes that mark the outlines of the foundation for the new high school and manual training school building, to be erected at Barr and Lewis streets, were driven at 10 o'clock this morning. Those present were President Hamilton and Treasurer Rockhill, of the school board; City Engineer Randall, Architect Weatherbogg and Messrs. Wahrenburg & Busching, who have a subcontract from Keller & Braun for the excavating and foundation work. City Engineer Randall ran the lines, but the weather was too chilly for a formal ceremony had any been on the program. Contractor Roney, who was given the general construction contract, has notified the board that his surety bond for $40,000 will be forwarded from New York within a few days. Work is to go forward upon the new building at once.

The women's Bible meeting of the Wayne street M. E. church will be held in the Sunday school of the church tomorrow afternoon, from 3 to 4 o'clock. The lesson will be Genesis, chapters 49 and 50, and Exodus, chapters 1 to 4. Every lady is welcome.

Mr. and Mrs. D. Burke, of Garrett, are visiting friends in the city.

THE CZAR'S ENVOY

SPEEDS HOMEWARD WITH SECRET DISPATCHES.

HAS HASTENED FROM TOKIO

DISPATCHES RELATE TO NEW ANGLO-JAPANESE TREATY.

EVERY RESOURCE FOR SPEED

RUSSIA HAS BEEN SECURING IMPORTANT FACTS.

New York, March 17.—Speeding to St. Petersburg with secret dispatches on the situation in Manchuria, from the Russian embassies in Tokio and Washington, is Prince Lobanof-Rostowski, a confidential agent of the czar. He is making his journey as short and rapid as steam, endurance and an unlimited supply of money can make it. The prince has at his entire disposal the service of every Russian embassy, consulate and consular agency from Tokio to Kronstad, for the purpose of hastening his urgent message.

The courier of the czar left this city on the steamship Aquaitaine for Havre. Prince Lobanof-Rostowski has been a special attache in the Russian embassy in the Japanese capital. He left Nagasaki on the Pacific liner Nippon Maru just before the ratification of the Anglo-Japanese treaty for the maintenance of the integrity of the Chinese empire was communicated to the powers. The imperial courier left Washington on the mid-night train. He was preceded by a telegram from the Russian embassy in Washington to the Russian consulate in this city, which instructed the consul here to assure the prince's passage on the Aquaitaine at all costs. The passage was obtained and Prince Lobanof-Rostowski sailed under the Gallicised name of Lobanow de Rostow.

The mystery and the haste of his transit began in Tokio, where he had been sent out at the special request of the czar to watch the developments of the alliance which was then in process of negotiation, and which was designed to check Russia's move to obtain the permanent occupation of Manchuria—a province which in extent, population and future possibilities is an empire in itself.

The Russian embassy in the Japanese capital knew that the Anglo-Japanese treaty was an accomplished fact for days before the official announcement of its ratification. Prince Lobanof-Rostowski now is hastening to St. Petersburg to lay before the czar and Count Lamsdroff, the minister of foreign affairs, important confidential information concerning the immediate prospects of the alliance.

The Russian foreign office is said to have had humiliating experiences with cable messages transmitted in secret codes, which failed to keep their secrets, and so Prince Lobanof-Rostowski set out to bear the dispatches himself.

JUDGE MADE RECORD TIME

UNUSUAL DISPATCH IN THE POLICE COURT.

Various Offenders Get Their Dole of Justice While They Wait—The Police News.

It took Judge Louttit just 11¼ minutes to dispose of five cases at police court this morning. James McDonald and Joseph Coleman were picked up on Saturday night, considerably the worse for wear, but a plain charge of vagrancy was placed against them. Later it developed that the fellows were not vagrants, but loiterers, and to compromise matters they were slated for intoxication, and this morning on pleas of guilty they were sent over for eleven days each. Later friends of the men appeared, and it is probable that they will be paid out today.

John Lau was arrested at the Nickel Plate depot last evening for persistent loitering, the arrest having been made by Detective Wilkinson. Lau is a familiar character about town and will be remembered by readers of The Sentinel as the man arrested last summer at Monroeville for stealing a team of horses from Barney Niezer's barn and a buggy and harness from a livery stable. He was arrested and jailed, indicted by the grand jury and on trial was given a thirty-day jail sentence. The man is a patent medicine peddler and is well known all over the county, as well as in many portions of adjoining counties. It was shown at his former trial that he was drunk when he stole the horses at Monroeville, and it is not believed that he is mentally responsible for his recent acts. In order to give an opportunity to inquire into his mental condition Judge Louttit sent him over for fifteen days.

John White was [illegible] drunk and he attempted no denial of the charge. He stated, however, that he was extremely sorry for what had happened and while admitting his disgrace, said that his wife and five children would be distressed if he were sent to jail. A brief investigation showed that the man was not particularly addicted to liquor, that he was kind to his family, and that they would be the principal sufferers in case he was fined. The judge thereupon continued the case during good behavior.

A case filed by Paul Koehler against Matilda Cecil for allowing stock to run at large within the corporate limits would have proved interesting without dobut had it come to trial. The filing of the case was the natural sequence of a similar suit filed against Koehler by Cecil last week, which resulted in the fining of Koehler. The cow case was called and there being neither prosecuting witness nor defendant present it was immediately dismissed. Half an hour later Mr. Koehler meandered in and proceeded to read the riot act to the superintendent of police for failing to hold the case open until he got around and presently Mr. Cecil dropped in and expressed like regrets that he was not given opportunity to again measure issues with his neighbor.

Superintendent Gorsline this morning received two lots of remarkable criminal pictures. One lot of 25 was sent from the National identification bureau at Washington and comprises portraits of some of the best known crooks now known to be in the west. The other lot was a bunch of four and are the pictures of the four burglars picked up at Van Wert last week. These last pictures were taken by a Van Wert photographer who was evidently not quite on to his job, since all the men had contorted their faces and consequently unrecognizable pictures were produced. When the Fort Wayne bureau finds a particularly obsterperous fellow who insists on distorting his countenance, he is strapped to a chair and chloroformed; after that it is easy work. "When I want a picture I want it; and I get it, too," said Superintendent Gorsline in speaking of the matter.

Detective Coling is engaged in endeavoring to trace the source of supply of a number of silver dollars which are counterfeits and which have been passed at a number of down town stores The counterfeits are not good ones and would not stand inspection at any time except during a rush. For that reason busy times were selected for working off the stuff and only one piece was passed at a time. It is thought that the shover—for it is believed there was only one—came in to town from Chicago, worked off as much as he could in an hour or two and then got out of town on the first train. Up to date the dectective has no tangible clue.

SONS OF IRELAND CELEBRATE

ST. PATRICK'S ANNIVERSARY OBSERVED TODAY.

Parade to St. Patrick's Church, Where High Mass is Celebrated —Tonight's Program.

The patron saint of Ireland, St. Patrick, is being honored the world over today and Fort Wayne's sons of Erin paid respect to his memory by attending special religious services at St. Patrick's church this morning. The sharp weather did not have the effect of diminishing the turnout in the slightest, although it seriously handicapped the musicians, who were unable to properly manipulate their instruments on account of the cold.

The parade formed at Library hall at 8 o'clock, consisting of the Hibernian Rifles and members of the Ancient Order of Hibernians, and headed by the Wayne Tent band, marched over the principal down town streets and then to St. Patrick's church. Mass was celebrated at 9 o'clock by Rev. J. F. Delaney, with Rev. Thomas Mungovan as deacon, and the sermon was preached by Rev. Thomas Conroy, who also acted as sub-deacon. The church was crowded to the doors.

High mass was celebrated this morning at the Cathedral by Rev. P. F. Roche and the sermon was preached by Rev. William Houlihan, of Notre Dame university. Nearly every seat in the church was occupied and the service in every respect was a most impressive one.

Green was the predominating color in Fort Wayne today and there were but few that did not do honor to the occasion by wearing a shamrock or a bow of emerald hued ribbon. A number of the stores had windows done in green and the harp and shamrock were the central figures in the decorations. The stores handling shamrock and other souvenirs of the day did a rushing business and a few enterprising youths made considerable pocket money by selling souvenirs on the streets.

The following program will be rendered this evening at Library hall.

THE GREAT CANADIAN CURE

"WRIGHT'S RHEUMATIC REMEDY"

Is making cures where all other means have failed. Can you doubt such evidence as this?

PERU, Ind., Feb. 25, 1902.

It was while working in the Rolling Mills at Bellefonte, Pa., about six years ago, that I was first taken with "Sciatica" Rheumatism. I called in my physician, who prescribed for me, but gave no relief. I was compelled to take to my bed after a year's suffering. The physician of the company gave me up and said that my case was incurable and would speedily end in paralysis. My wife then sought another physician of note, who attended to me for about a year and who said that I could not be cured. I had been in bed for nearly two years suffering with everything, with such relief as hypodermic treatment gives. After being given up by the two physicians, through the influence of friends I was taken in as an inmate of the city hospital at Williamsport, Pa., and received the best treatment that hospital afforded. I remained about eleven weeks and was then discharged by the attending physicians as incurable and returned to my home. After several months at home, I was again sent to Williamsport, Pa., hospital, to be under the personal care of Dr. McCormac, a Specialist of repute. After five weeks under his care he said that my case was hopeless, and I again was returned to my home. For another year I laid at my home and was treated by the local physician without benefit, and as a last recourse I was sent to the city hospital at Lock Haven, Pa., and remained there under the care of the staff of physicians, who at the end of five weeks told me that they could not do anything for me, and for the third time I was returned to my home at Howard, Pa. I remained there crippled and almost helpless for three years, when my family brought me to this city last October. I was barely able to move on crutches. While at the depot at Columbus, Ohio, I was spoken to by a gentleman who said that he had been cured of a bad attack of Sciatica by the use of "Wright's Rheumatic Remedy," and advised me to try it, and I was also advised by my sister-in-law, who said that this medicine was doing a great deal of good. It was upon the strength of such strong testimony that I procured a bottle, and to my great surprise, the awful pains that I had been bearing for nearly six years ceased before I had been taking your W. R. R. two weeks, and I began to feel better, and have been gaining in health and strength every day since. My right arm and hand were useless. Now the full use has returned. My limbs, that I could not bear to have touched, I can now use and can walk and go around as usual. THE CZAR'S ENVOY

SPEEDS HOMEWARD WITH SECRET DISPATCHES.

HAS HASTENED FROM TOKIO

DISPATCHES RELATE TO NEW ANGLO-JAPANESE TREATY.

EVERY RESOURCE FOR SPEED

RUSSIA HAS BEEN SECURING IMPORTANT FACTS.

New York, March 17.—Speeding to St. Petersburg with secret dispatches on the situation in Manchuria, from the Russian embassies in Tokio and Washington, is Prince Lobanof-Rostowski, a confidential agent of the czar. He is making his journey as short and rapid as steam, endurance and an unlimited supply of money can make it. The prince has at his entire disposal the service of every Russian embassy, consulate and consular agency from Tokio to Kronstad, for the purpose of hastening his urgent message.

The courier of the czar left this city on the steamship Aquitaine for Havre. Prince Lobanof-Rostowski has been a special attache in the Russian embassy in the Japanese capital. He left Nagasaki on the Pacific liner Nippon Maru just before the ratification of the Anglo-Japanese treaty for the maintenance of the integrity of the Chinese empire was communicated to the powers. The imperial courier left Washington on the mid-night train. He was preceded by a telegram from the Russian embassy in Washington to the Russian consulate in this city, which instructed the consul here to assure the prince's passage on the Aquitaine at all costs. The passage was obtained and Prince Lobanof-Rostowski sailed under the Gallicised name of Lobanow de Rostow.

The mystery and the haste of his transit began in Tokio, where he had been sent out at the special request of the czar to watch the developments of the alliance which was then in process of negotiation, and which was designed to check Russia's move to obtain the permanent occupation of Manchuria—a province which in extent, population and future possibilities is an empire in itself.

The Russian embassy in the Japanese capital knew that the Anglo-Japanese treaty was an accomplished fact for days before the official announcement of its ratification. Prince Lobanof-Rostowski now is hastening to St. Petersburg to lay before the czar and Count Lamsdroff, the minister of foreign affairs, important confidential information concerning the immediate prospects of the alliance.

The Russian foreign office is said to have had humiliating experiences with cable messages transmitted in secret codes, which failed to keep their secrets, and so Prince Lobanof-Rostowski set out to bear the dispatches himself.

JUDGE MADE RECORD TIME

UNUSUAL DISPATCH IN THE POLICE COURT.

Various Offenders Get Their Dole of Justice While They Wait—The Police News.

It took Judge Louttit just 11¼ minutes to dispose of five cases at police court this morning. James McDonald and Joseph Coleman were picked up on Saturday night, considerably the worse for wear, but a plain charge of vagrancy was placed against them. Later it developed that the fellows were not vagrants, but loiterers, and to compromise matters they were slated for intoxication, and this morning on pleas of guilty they were sent over for eleven days each. Later friends of the men appeared, and it is probable that they will be paid out today.

John Lau was arrested at the Nickel Plate depot last evening for persistent loitering, the arrest having been made by Detective Wilkinson. Lau is a familiar character about town and will be remembered by readers of The Sentinel as the man arrested last summer at Monroeville for stealing a team of horses from Barney Niezer's barn and a buggy and harness from a livery stable. He was arrested and jailed, indicted by the grand jury and on trial was given a thirty-day jail sentence. The man is a patent medicine peddler and is well known all over the county, as well as in many portions of adjoining counties. It was shown at his former trial that he was drunk when he stole the horses at Monroeville, and it is not believed that he is mentally responsible for his recent acts. In order to give an opportunity to inquire into his mental condition Judge Louttit sent him over for fifteen days.

John White was arrested very drunk and he attempted no denial of the charge. He stated, however, that he was extremely sorry for what had happened and while admitting his disgrace, said that his wife and five children would be distressed if he were sent to jail. A brief investigation showed that the man was not particularly addicted to liquor, that he was kind to his family, and that they would be the principal sufferers in case he was fined. The judge thereupon continued the case during good behavior.

A case filed by Paul Koehler against Matilda Cecil for allowing stock to run at large within the corporate limits would have proved interesting without doubt had it come to trial. The filing of the case was the natural sequence of a similar suit filed against Koehler by Cecil last week, which resulted in the fining of Koehler. The cow case was called and there being neither prosecuting witness nor defendant present it was immediately dismissed. Half an hour later Mr. Koehler meandered in and proceeded to read the riot act to the superintendent of police for failing to hold the case open until he got around and presently Mr. Cecil dropped in and expressed like regrets that he was not given opportunity to again measure issues with his neighbor.

Superintendent Gorsline this morning received two lots of remarkable criminal pictures. One lot of 25 was sent from the National identification bureau at Washington and comprises portraits of some of the best known crooks now known to be in the west. The other lot was a bunch of four and are the pictures of the four burglars picked up at Van Wert last week. These last pictures were taken by a Van Wert photographer who was evidently not quite on to his job, since all the men had contorted their faces and consequently unrecognizable pictures were produced. When the Fort Wayne bureau finds a particularly obsterperous fellow who insists on distorting his countenance, he is strapped to a chair and chloroformed; after that it is easy work. "When I want a picture I want it; and I get it, too," said Superintendent Gorsline in speaking of the matter.

Detective Coling is engaged in endeavoring to trace the source of supply of a number of silver dollars which are counterfeits and which have been passed at a number of down town stores. The counterfeits are not good ones and would not stand inspection at any time except during a rush. For that reason busy times were selected for working off the stuff and only one piece was passed at a time. It is thought that the shover—for it is believed there was only one—came in to town from Chicago, worked off as much as he could in an hour or two and then got out of town on the first train. Up to date the detective has no tangible clue.

SONS OF IRELAND CELEBRATE

ST. PATRICK'S ANNIVERSARY OBSERVED TODAY.

Parade to St. Patrick's Church, Where High Mass is Celebrated —Tonight's Program.

The patron saint of Ireland, St. Patrick, is being honored the world over today and Fort Wayne's sons of Erin paid respect to his memory by attending special religious services at St. Patrick's church this morning. The sharp weather did not have the effect of diminishing the turnout in the slightest, although it seriously handicapped the musicians, who were unable to properly manipulate their instruments on account of the cold.

The parade formed at Library hall at 8 o'clock, consisting of the Hibernian Rifles and members of the Ancient Order of Hibernians, and headed by the Wayne Tent band, marched over the principal down town streets and then to St. Patrick's church. Mass was celebrated at 9 o'clock by Rev. J. F. Delaney, with Rev. Thomas Mungovan as deacon, and the sermon was preached by Rev. Thomas Conroy, who also acted as sub-deacon. The church was crowded to the doors.

High mass was celebrated this morning at the Cathedral by Rev. P. P. Roche and the sermon was preached by Rev. William Houlihan, of Notre Dame university. Nearly every seat in the church was occupied and the service in every respect was a most impressive one.

Green was the predominating color in Fort Wayne today and there were but few that did not do honor to the occasion by wearing a shamrock or a bow of emerald hued ribbon. A number of the stores had windows done in green and the harp and shamrock were the central figures in the decorations. The stores handling shamrock and other souvenirs of the day did a rushing business and a few enterprising youths made considerable pocket money by selling souvenirs on the streets.

The following program will be rendered this evening at Library hall.

THE GREAT CANADIAN CURE

"WRIGHT'S RHEUMATIC REMEDY"

Is making cures where all other means have failed. Can you doubt such evidence as this?

PERU, Ind., Feb. 25, 1902.

It was while working in the Rolling Mills at Bellefonte, Pa., about six years ago, that I was first taken with "Sciatica" Rheumatism. I called in my physician, who prescribed for me, but gave no relief. I was compelled to take to my bed after a year's suffering. The physician of the company gave me up and said that my case was incurable and would speedily end in paralysis. My wife then sought another physician of note, who attended to me for about a year and who said that I could not be cured. I had been in bed for nearly two years suffering with everything, with such relief as hypodermic treatment gives. After being given up by the two physicians, through the influence of friends I was taken in as an inmate of the city hospital at Williamsport, Pa., and received the best treatment that hospital afforded. I remained about eleven weeks and was then discharged by the attending physicians as incurable and returned to my home. After several months at home, I was again sent to Williamsport, Pa., hospital, to be under the personal care of Dr. McCormac, a Specialist of repute. After five weeks under his care he said that my case was hopeless, and I again was returned to my home. For another year I laid at my home and was treated by the local physician without benefit, and as a last recourse I was sent to the city hospital at Lock Haven, Pa., and remained there under the care of the staff of physicians, who at the end of five weeks told me that they could not do anything for me, and for the third time I was returned to my home at Howard, Pa. I remained there crippled and almost helpless for three years, when my family brought me to this city last October. I was barely able to move on crutches. While at the depot at Columbus, Ohio, I was spoken to by a gentleman who said that he had been cured of a bad attack of Sciatica by the use of "Wright's Rheumatic Remedy," and advised me to try it, and I was also advised by my sister-in-law, who said that this medicine was doing a great deal of good. It was upon the strength of such strong testimony that I procured a bottle, and to my great surprise, the awful pains that I had been bearing for nearly six years ceased before I had been taking your W. R. R. two weeks, and I began to feel better, and have been gaining in health and strength every day since. My right arm and hand were useless. Now the full use has returned. My limbs, that I could not bear to have touched, I can now use and can walk and go around as usual. I can hardly comprehend that after so long a time, being given up by three hospital staffs and three different physicians, that I am feeling so well, and now on the way to again being able to work and be of use and service to my family by the use of your wonderful W. R. R.

Charles Geerkin, who was injured in the explosion at the Bloomingdale mill last week, is recovering slowly. He will be unable to work for several weeks.

The subject of debate at the Congregational lyceum tomorrow evening will be "Resolved, That the British are justified in their conflict with the Boers." There will be special music.

Mr. and Mrs. Frank Mohr delightfully entertained a company of friends at progressive pedro Saturday night. The rooms were prettily decorated by Mrs. Auger, and Rankin served supper.

Examination of Lutheran children in the catechism took place yesterday in the German Lutheran churches and those who were passed will be confirmed and receive their first communion next Sunday.

Miss Bancroft and Clarence Jones, of New Hartford, Conn., were guests of honor at a pedro party given Saturday evening by the Misses Lukens. Mrs. Harry Perfect won first prize and the consolations were taken by Miss Hood and John Hanna.

Ruth Anderson celebrated her fifth birthday anniversary Saturday afternoon by entertaining a number of her little playmates. Fruit was served from a glass dish that did service in the Hedekin house fifty-six years ago when the late Calvin Anderson was landlord.

The Fort Wayne School of Art will probably be located in the old Westminster Seminary building, on West Main street. The society has been notified that it must vacate the building on the Hamilton property, which is soon to be torn down to make room for the new high school.

The closing lecture of the Fort Wayne School of Art will be given on Friday evening in the Commercial club rooms by Mrs. R. S. Robertson. The subject will be Miss Harriet Hosmer, the well known sculptress, who is a personal friend of Mrs. Robertson. A social hour will follow the lecture. Each member has the privilege of inviting a guest. Mrs. M. B. Fisher, Mrs. C. B. Woodworth and Mrs. Clark Fairbank compose the committee on refreshments and decoration.

The ladies of the Rome City club planned a surprise upon Mrs. W. J. Vesey Saturday afternoon, and it was delightfully executed, but a greater surprise came later, planned by the gentlemen of the club. The ladies dropped in on Mrs. Vesey to spend the afternoon, and just as they were about to leave for their homes the gentlemen, who had assembled down town, marched in upon them, bringing edibles which combined to supply an elaborate banquet which followed. Judge Vesey was pressed into service as toastmaster, and the ladies who had planned to surprise only Mrs. Vesey gracefully admitted that the gentlemen had turned the tables upon them most completely. The entire occasion was a most delightful one.

Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

"I had a very severe cough for many weeks. Nothing relieved me until I tried Ayer's Cherry Pectoral. This rapidly and entirely cured me."
J. J. Hargrave, New York City.

25c., 50c., $1.00. J. C. AYER CO., Lowell, Mass.

H. W. Jensen, of Indianapolis, is the guest of Mr. and Mrs. G. W. Maxwell for a few days.

A BUSY WORKER.

Coffee Touches Up Different Spots.

Frequently coffee sets up rheumatism when it is not busy with some other part of the body. A St. Joe, Mo., man, P. V. Wise, says: "About two years ago my knees began to stiffen and my feet and legs swell, so that I was scarcely able to walk, and then only with the greatest difficulty, for I was in constant pain. I consulted Dr. Barnes, one of the most prominent physicians here, and he diagnosed the case and inquired, 'Do you drink coffee?' 'Yes.' 'You must quit using it at once,' he replied. I did so and commenced drinking Postum in its place.

The swelling in my feet and ankles and the rheumatic pains subsided quickly, and during the past 18 months I have enjoyed most excellent health, and, although I have passed the 68th mile post I have never enjoyed life better.

Good health brings heaven to us here. I know of many cases where wonderful cures of stomach and heart trouble have been made by simply throwing away coffee and using Postum."

LOSES SIGHT OF AN EYE.

Mrs. M. L. Martin is suffering from the effects of a very painful accident, which occurred on Thursday, when a bottle of turpentine exploded near her face and so injured her left eye that it is feared the sight of the eye is destroyed.

SAXON AID SOCIETY ELECTS.

The annual meeting of the Saxon Aid society was held on Sunday in their hall, 41 West Main street, and the following officers were elected: President, Conrad Bauss; vice president, W. Kamm; secretary, Bruno Wolf; treasurer, Paul Hertwig; financial secretary, Hermann Oertel; trustees, Max Irmscher, Ernst Stephan and Bruno Bralant.

Miss Oda Cope is recovering from a serious illness.

WILL MAKE AFFIDAVIT

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of a soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life.

"If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuinness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

Kodol Dyspepsia Cure

Cures all Stomach Troubles.

Prepared only by E. O. DeWitt & Co., Chicago. The $1. bottle contains 2½ times the 50c. size.

FARM LANDS.

The population of the United States, now 76,000,000, will be in only eighteen more years, 120,000,000 and the future of farm lands is brilliant. It will not be many years until highly productive farms are on a 5 per cent. basis, as in England, and price $200 per acre. Emigration no longer goes west from Illinois, (lack of rain in Kansas and Nebraska), the tide has turned and is coming east into Indiana. Many have sold their Illinois farms at $125 per acre to buy in Indiana at $60 and $70 per acre.

The famous Williams farm, on Eel river, two miles west of Laketon, Wabash county, Ind. (two railroads) 627 acres, soon to be marked up to $50 per acre, and cheap at that, is now offered at $40 per acre; one-third down, balance on time to suit at 6 per cent. In this last bad corn year the upland on this farm produced a fair crop and the rich bottom soil sixty bushels per acre. The quarter sections of this land are overrunning fractionals and may survey out thirty acres more than 627, but will be sold for 627 acres. Apply to

HENRY M. WILLIAMS,
Fort Wayne, Ind., or to any real estate agent. Commission, 3 per cent. 3-1-tf

The closing lecture of the Fort Wayne School of Art will be given on Friday evening in the Commercial club rooms by Mrs. R. S. Robertson. The subject will be Miss Harriet Hosmer, the well known sculptress, who is a personal friend of Mrs. Robertson. A social hour will follow the lecture. Each member has the privilege of inviting a guest. Mrs. M. B. Fisher, Mrs. C. B. Woodworth and Mrs. Clark Fairbank compose the committee on refreshments and decoration.

The ladies of the Rome City club planned a surprise upon Mrs. W. J. Vesey Saturday afternoon, and it was delightfully executed, but a greater surprise came later, planned by the gentlemen of the club. The ladies dropped in on Mrs. Vesey to spend the afternoon, and just as they were about to leave for their homes the gentlemen, who had assembled down town, marched in upon them, bringing edibles which combined to supply an elaborate banquet which followed. Judge Vesey was pressed into service as toastmaster, and the ladies who had planned to surprise only Mrs. Vesey gracefully admitted that the gentlemen had turned the tables upon them most completely. The entire occasion was a most delightful one.

Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

"I had a very severe cough for many weeks. Nothing relieved me until I tried Ayer's Cherry Pectoral. This rapidly and entirely cured me."
J. J. Hargrave, New York City.

A BUSY WORKER.

Coffee Touches Up Different Spots.

Frequently coffee sets up rheumatism when it is not busy with some other part of the body. A St. Joe, Mo., man, P. V. Wise, says: "About two years ago my knees began to stiffen and my feet and legs swell, so that I was scarcely able to walk, and then only with the greatest difficulty, for I was in constant pain. I consulted Dr. Barnes, one of the most prominent physicians here, and he diagnosed the case and inquired, 'Do you drink coffee?' 'Yes.' 'You must quit using it at once,' he replied. I did so and commenced drinking Postum in its place.

The swelling in my feet and ankles and the rheumatic pains subsided quickly, and during the past 18 months I have enjoyed most excellent health, and, although I have passed the 68th mile post I have never enjoyed life better.

Good health brings heaven to us here. I know of many cases where wonderful cures of stomach and heart trouble have been made by simply throwing away coffee and using Postum."

LOSES SIGHT OF AN EYE.

Mrs. M. L. Martin is suffering from the effects of a very painful accident, which occurred on Thursday, when a bottle of turpentine exploded near her face and so injured her left eye that it is feared the sight of the eye is destroyed.

SAXON AID SOCIETY ELECTS.

The annual meeting of the Saxon Aid society was held on Sunday in their hall, 41 West Main street, and the following officers were elected: President, Conrad Bauss; vice president, W. Kamm; secretary, Bruno Wolf; treasurer, Paul Hertwig; financial secretary, Hermann Oertel; trustees, Max Irmscher, Ernst Stephan and Bruno Bralant.

Miss Oda Cope is recovering from a serious illness.

WILL MAKE AFFIDAVIT

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life.

"If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have as worn statement as to the genuineness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

Kodol Dyspepsia Cure
Cures all Stomach Troubles.

FARM LANDS.

The population of the United States, now 76,000,000, will be in only eighteen more years, 120,000,000 and the future of farm lands is brilliant. It will not be many years until highly productive farms are on a 5 per cent. basis, as in England, and price $200 per acre. Emigration no longer goes west from Illinois, (lack of rain in Kansas and Nebraska), the tide has turned and is coming east into Indiana. Many have sold their Illinois farms at $125 per acre to buy in Indiana at $60 and $70 per acre.

The famous Williams farm, on Eel river, two miles west of Laketon, Wabash county, Ind. (two railroads) 627 acres, soon to be marked up to $50 per acre, and cheap at that, is now offered at $40 per acre; one-third down, balance on time to suit at 6 per cent. In this last bad corn year the upland on this farm produced a fair crop and the rich bottom soil sixty bushels per acre. The quarter sections of this land are overrunning fractionals and may survey out thirty acres more than 627, but will be sold for 627 acres. Apply to

The weather man who can start daisies to blooming and produce a first-rate ice crop in the same week is a wonder, no doubt, but he ought to be restrained. He also promotes pneumonia.

There will be no surprise that General Miles' plan to end the war in the Philippines was rejected. First, because the war in the Philippines, like the war in South Africa, is ended. Second, if there were any war to be ended, General Miles' services, for various reasons, are not wanted.

Newton Booth Tarkington, author of "The Gentleman From Indiana," "Beaucaire," and other readable things, has been nominated for representative by the Indianapolis republicans. There is much speculation concerning his motives. He cannot add much, if any, to his fame and he can scarcely think the experience a novelty worth seeking. Maybe Booth is going to reform the Indiana legislature. The job ought to be done, but it is a perilous undertaking for one man, especially a nice young man.

Politicians are strange, strange beings. Here is a striking instance of the truth of it. Yesterday a well known democratic politician and prominent citizen of this city said to a Sentinel representative that he regarded the democratic ticket as weak in some respects and that there were some candidates whom he could under no circumstances support. What was the Sentinel man's surprise to see this same democrat quoted today in a morning contemporary as declaring the ticket to be strong and all its candidates satisfactory. Verily, the leopard cannot change his spots nor the politician his habits.

THE DEMOCRATIC TICKET.

The ticket nominated by the Allen county democrats at Saturday's convention is not all that could be desired by any democrat who believes the party has a higher mission than mere possession of the offices. There can be no question that in some of its parts the ticket is clean, acceptable and strong; that some of the men nominated are eminently fit to hold public office and thoroughly capable of discharging public duties with efficiency and honesty as well as benefit to the county. But of some of the candidates there may be doubts—doubts raised before the convention by serious questions and charges that are not removed by the mere fact that such candidates succeeded with a majority of the delegates. The voice of the convention does not answer these serious charges nor does nomination constitute a vindication of any candidate whose character has been seriously brought in question. We have no desire to deal captiously with this matter. Least of all have we any purpose to do any candidate the slightest shadow of injustice. There are some men on the ticket, and they constitute much the larger part of it, that we can cheerfully support, because we believe they are good men and will make capable and faithful officials of the county. But there are some that, until we have looked more carefully into the grave charges that have been made against them by democrats and democratic officials, we must hold on probation. We cannot and will not commend to the favor of the voters of this county men we cannot conscientiously endorse as being of high character and integrity and worthy of public trust.

CLOSING SERVICE AT BETHANY CHURCH TONIGHT.

"Lost Opportunities" was the theme presented by Major Hilton last evening to an immense congregation at Bethany Presbyterian church, and preceding his discourse the evangelist read from Mark 10 the story of the rich young man who sought Jesus to learn what he should do to inherit eternal life; who had kept the commandments, but lacked one thing, and was advised to sell that which he had and give to the poor. "The keynote of our thought tonight, however," said the evangelist, will be found in Prov. 1:32—'For the turning away of the simple shall slay them, and the prosperity of fools shall destroy them.'"

In part Major Hilton said: "The 'simple' as applied to a man implies an undeveloped mind—a defect that renders him lacking in some respects as measuring up to a full intellect. Just so the undeveloped spiritual man is simple; he is not perfect; there is some condition there that prevents his grasping the truth. 'Prosperity of fools shall slay them' refers to those who being prosperous make poor use of their prosperity.

ONE GREAT MISTAKE.

"Let us consider for a time the young man of whom we read in Mark's gospel (Mark 10:17-22). The impression obtains in many minds that it is only the social outcast, only those who are defective in moral character that will be cast out from the kingdom of God. This is a great mistake. I want you to notice this peculiar young man. He was a ruler, a man of prominence, possessed of an eager, impetuous nature; he ran. We don't find rulers running much as a usual thing. It is not always considered compatible with dignity for rulers to run. This man put his dignity all away. He was humble—strange characteristic, for exalted position and wealth are not often linked to humility. He knelt down. I don't suppose King Edward would kneel to a living human being. Realizing that something was necessary he asks the all-important question, 'What shall I do to inherit eternal life?'

"This is the sort of young man we are all apt to love. Magnificent moral character; he had kept the moral law from his youth, and the situation proves conclusively that social power, education, wealth, position and moral character have no weight whatever with God as regards the inheritance of eternal life. 'One thing thou lackest.' Wisdom isn't knowledge. Many men know a great deal, but they are not wise. Many of them are college graduates, loaded up with all the dead languages and a lot of the living ones, but they are not wise. They do not apply their knowledge, and wisdom is applied knowledge.

"They tell us knowledge is power. Well, that's all right, but all power is not good power. You have hundreds of saloons in Fort Wayne. You know it. And what have you got them here for? I'll tell you; it's because you want them. There's power enough in the Christian church to wipe out every one of these gateways to hell, but you lack the moral courage. Then there's the lodges. O, God needs to deliver us from the multiplicity of lodges. I regard the lodge today as one of the greatest enemies of the Christian church. Men neglect prayer meeting, but they will not desert the lodge. The best lodge I know of for a man is his home, and he ought to make his wife past grand master there.

MUST MAKE SACRIFICE.

"God saw in the lovable character of this young man one defect, and the test of supplying that one thing lacking was too great; the young man turned away. O, how little men are willing to sacrifice for the love of God. Just try it and see; try giving up something dear to you for the sake of Christ. It will be a hard struggle. Christ loved the young man, but He could not save him with the one defect still existing. Love alone cannot save. If it could, there isn't a husband in Fort Wayne tonight who would not be saved by the love of his wife. It was not the young man's wealth that prevented his inheritance, but the love of it. It is not money that is the root of all evil, but the love of it. Whatever a man loves better than he loves God, that thing will wreck his whole life. Man has builded the barrier between himself and God, and man must break it down. This young man loved his riches too much. Why should that one thing ruin him? That was the one thing that threw him out of harmony with his Creator.

"The most magnificent piece of mechanism in the universe is man in the image of his Maker. He was created for a specific purpose, just as the watch was created to record time; just so was man made to glorify his Maker in body and spirit, which are God's, and when that man is out of harmony with God because of lack of one thing, he is a failure so far as a man is concerned. Christ told the young man his trouble—advised him to sell his property and

MAJOR HILTON.

give to the poor, offering him in return endless joy and possessions. The sacrifice was too great; the young man went away grieved because the process of obtaining eternal life was beyond his price.

"That's the difficulty with men and women in Fort Wayne today. God says 'believe on Jesus Christ and you shall be saved.' Is the price too high? It may mean only the giving up of drink; for the woman to give up only something dear, but if they love worldly things better than they love God, they are lost. Some people have a foolish notion that if they give their hearts to God He will want them to go to Africa or China as missionaries, and they must sever old friendships, home and business ties. Why, there are lots of people in Africa and China now who ought to be at home. God isn't looking for missionaries to China; He wants them right in Fort Wayne; He wants the minister in the meat market to preach as he cuts steaks; He wants them in the cabs of railroad engines to open the throttle to the glory of God; He wants lawyers who can plead a case to the glory of God; men who can sell dry goods the same way; doctors who can pray with the sick as well as give them nostrums; He wants men of all vocations to say with Paul, 'for me to live is Christ.' That's Christianity. I wouldn't give a snap for tears, groans and moans if the conscience isn't convinced that it is right to serve God, and with manliness enough to do right.

"Do you know that many people are kept poor today because God can't trust them with but little. They say they would do so much good if they only had wealth. They wouldn't do anything of the kind. They cling desperately to a $5 bill; they're not trusting God, but trusting the $5 note. Many a man is robbing God today who wouldn't rob a bank. Don't be mistaken. It's the turning away—the posperity of fools that shall destroy them. This young man went away grieved. That's bad enough if that were all—but he went away lost. There is no account that he ever obtained the inheritance. When he turned his back on Christ his opportunity was gone. Many have done precisely the same thing each night during the past week. They have had the opportunity, but they have gone out of that door without Christ. Men think today of pleasures, business—all except eternal life which is their inheritance."

It had been intended to close the series of specal meetings last evening, but Major Hilton will hold another service this evening, which he terms a "question meeting."

The lungs largely rule the life. The difference between the Indian running down a wild horse and the merchant or clerk panting after climbing a few stairs is a difference of lung power. "Weak" lungs must mean a weak life, a feeble life; a life liable to be snuffed out by any sudden gust of sickness. "Weak" lungs will do weak work. The work of the lungs is in part to supply the blood with the oxygen necessary to sustain life. It is assumed that the total area of the lung surface with its 180,000,000 air cells, equals the total quantity of the blood to be vitalized. When the lungs are said to be "Weak," it generally means that a large part of the lung surface is inert; that millions of the air cells are unused. This must mean that the oxygen received by the blood is reduced below its requirements to an extent equal to the unused lung area.

It is in this inert portion of the lungs that the ground is prepared for disease. It is here that consumption sows its fatal seed, and as the lungs grow weaker the blood grows fouler, the body weaker, more feeble, until the curtain falls on the last scene in this eventful history.

The tendency to "weak" lungs is the result of the conditions under which we live. Few people use the lung surface to its full capacity. A vast number of people not only do not use their lungs fully, but being employed in stores and factories, the air they breathe is deficient in oxygen, so that they are in double danger. These facts account for the alarming increase of consumption especially in cities, where the wards overflow with patients until they are turned away to die in the streets. It is a truth, therefore, that under existing conditions of life the majority of people have a tendency to weak lungs; a considerable part of their lung surface being inert.

Whatever threatens the lungs, threatens the life. That "slight cough" may be the beginning of serious sickness. It may not be the alarm of consumption in this case, but it has been in so many cases, that we may well dread even a "slight cough."

"Weak" lungs have been made strong, and are being made strong daily, by the use of

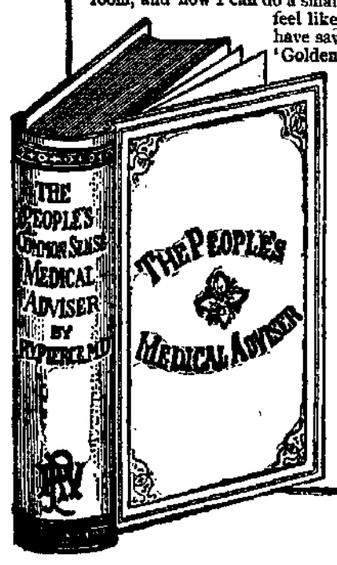
Dr. Pierce's Golden Medical Discovery.

Every claim for this medicine has behind it a thousand cures, of coughs, bronchitis, bleeding of the lungs, emaciation and the conditions in general which by neglect or unskillful treatment find a fatal termination in consumption.

"Twenty-five years ago, when I was thirteen years old, I had what the doctor called consumption," writes Mrs. Ella Taylor Dodge, Matron, Home for Missionaries' Children, Morgan Park, Ill., Box 165. "He told my mother that nothing could be done for me excepting to make me as comfortable as possible. The pastor of the M. E. church, in the place where I lived, heard of my condition, and although he was not acquainted with our family, he called, and during the call he asked my mother if she would allow me to take a medicine if he would send it to me. She thought it could do no harm if it did no good, so he sent a bottle of Dr. Pierce's Golden Medical Discovery. Before the bottle was empty, my friends saw a little improvement in my health, whereupon another bottle was bought. I can't say now just how much I took, but I improved steadily and to-day I am a well strong woman, as you may imagine I must be to have the care of this Home. I now have a child under my care who when she takes cold it settles in the larynx. I at first used medicines which her mother suggested before leaving her, but nothing did the least good till I gave your 'Golden Medical Discovery.' I have unbounded faith in it."

"Three years ago I had the grip," writes Mrs. Tillie Linney, of Gravel Switch, Marion Co., Kentucky, "It settled on my lungs and the doctor said I had consumption. I took six bottles of 'Golden Medical Discovery,' and am thankful to say I am entirely well. You may print this letter if you see fit to do so."

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Delaware, "and our family doctor said I had consumption. I thought I must die soon for I felt so bad. Had a bad cough, spit blood, was very short of breath, in fact could hardly get my breath at all sometimes. I had pains in my chest and right lung, also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets,' I was so weak I could not sweep a room, and now I can do a small washing. I worked in the canning factory this fall, and I feel like a new person. I believe that the Lord and your medicine have saved my life. I was sick over two years. I took 13 bottles of 'Golden Medical Discovery' and four vials of Dr. Pierce's Pellets."



Was it consumption? The doctors said so. The symptoms all indicated the disease. If it was anything else than consumption, then it is evident that there is a disease unrecognized by doctors, which has the same symptoms as consumption, and which when doctors fail to cure it, is perfectly and permanently cured by Dr. Pierce's Golden Medical Discovery, It always helps, it almost always cures.

Accept no substitute for the "Discovery." Insist on the medicine which has cured others.

WE WILL SEND FREE, on receipt of stamps to pay expense of mailing ONLY, Dr. Pierce's Common Sense Medical Adviser, containing 1008 large pages. The best medical work for family use. Send 21 one-cent stamps for the book in paper-covers, or 31 stamps for the cloth-bound volume.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DISEASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored splotches and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

Newton Booth Tarkington, author of "The Gentleman From Indiana," "Beaucaire," and other readable things, has been nominated for representative by the Indianapolis republicans. There is much speculation concerning his motives. He cannot add much, if any, to his fame and he can scarcely think the experience a novelty worth seeking. Maybe Booth is going to reform the Indiana legislature. The job ought to be done, but it is a perilous undertaking for one man, especially a nice young man.

Politicians are strange, strange beings. Here is a striking instance of the truth of it. Yesterday a well known democratic politician and prominent citizen of this city said to a Sentinel representative that he regarded the democratic ticket as weak in some respects and that there were some candidates whom he could under no circumstances support. What was the Sentinel man's surprise to see this same democrat quoted today in a morning contemporary as declaring the ticket to be strong and all its candidates satisfactory. Verily, the leopard cannot change his spots nor the politician his habits.

The lungs largely rule the life. The difference between the Indian running down a wild horse and the merchant or clerk panting after climbing a few stairs is a difference of lung power. "Weak" lungs must mean a weak life, a feeble life; a life liable to be snuffed out by any sudden gust of sickness. "Weak" lungs will do weak work. The work of the lungs is in part to supply the blood with the oxygen necessary to sustain life. It is assumed that the total area of the lung surface with its 180,000,000 air cells, equals the total quantity of the blood to be vitalized. When the lungs are said to be "Weak," it generally means that a large part of the lung surface is inert; that millions of the air cells are unused. This must mean that the oxygen received by the blood is reduced below its requirements to an extent equal to the unused lung area.

It is in this inert portion of the lungs that the ground is prepared for disease. It is here that consumption sows its fatal seed, and as the lungs grow weaker the blood grows fouler, the body weaker, more feeble, until the curtain falls on the last scene in this eventful history.

The tendency to "weak" lungs is the result of the conditions under which we live. Few people use the lung surface to its full capacity. A vast number of people not only do not use their lungs fully, but being employed in stores and factories, the air they breathe is deficient in oxygen, so that they are in double danger. These facts account for the alarming increase of consumption especially in cities, where the wards overflow with patients until they are turned away to die in the streets. It is a truth, therefore, that under existing conditions of life the majority of people have a tendency to weak lungs; a considerable part of their lung surface being inert.

Whatever threatens the lungs, threatens the life. That "slight cough" may be the beginning of serious sickness. It may not be the alarm of consumption in this case, but it has been in so many cases, that we may well dread even a "slight cough."

"Weak" lungs have been made strong, and are being made strong daily, by the use of

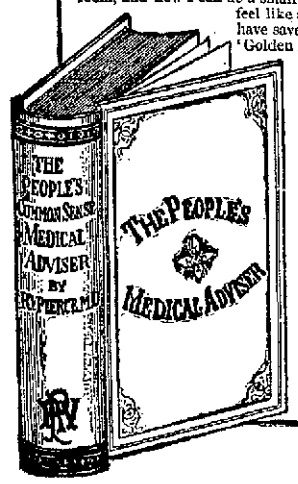
Dr. Pierce's Golden Medical Discovery.

Every claim for this medicine has behind it a thousand cures, of coughs, bronchitis, bleeding of the lungs, emaciation and the conditions in general which by neglect or unskillful treatment find a fatal termination in consumption.

"Twenty-five years ago, when I was thirteen years old, I had what the doctor called consumption," writes Mrs. Ella Taylor Dodge, Matron, Home for Missionaries' Children, Morgan Park, Ill., Box 165. "He told my mother that nothing could be done for me excepting to make me as comfortable as possible. The pastor of the M. E. church, in the place where I lived, heard of my condition, and although he was not acquainted with our family, he called, and during the call he asked my mother if she would allow me to take a medicine if he would send it to me. She thought it could do no harm if it did no good, so he sent a bottle of Dr. Pierce's Golden Medical Discovery. Before the bottle was empty, my friends saw a little improvement in my health, whereupon another bottle was bought. I can't say now just how much I took, but I improved steadily and to-day I am a well strong woman, as you may imagine I must be to have the care of this Home. I now have a child under my care who when she takes cold it settles in the larynx. I at first used medicines which her mother suggested before leaving her, but nothing did the least good till I gave your 'Golden Medical Discovery.' I have unbounded faith in it."

"Three years ago I had the grip," writes Mrs. Tillie Linney, of Gravel Switch, Marion Co., Kentucky. "It settled on my lungs and the doctor said I had consumption. I took six bottles of 'Golden Medical Discovery,' and am thankful to say I am entirely well. You may print this letter if you see fit to do so."

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Delaware, "and our family doctor said I had consumption. I thought I must die soon for I felt so bad. Had a bad cough, spit blood, was very short of breath, in fact could hardly get my breath at all sometimes. I had pains in my chest and right lung, also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets,' I was so weak I could not sweep a room, and now I can do a small washing. I worked in the canning factory this fall, and I feel like a new person. I believe that the Lord and your medicine have saved my life. I was sick over two years. I took 13 bottles of 'Golden Medical Discovery' and four vials of Dr. Pierce's Pellets."



Was it consumption? The doctors said so. The symptoms all indicated the disease. If it was anything else than consumption, then it is evident that there is a disease unrecognized by doctors, which has the same symptoms as consumption, and which when doctors fail to cure it, is perfectly and permanently cured by Dr. Pierce's Golden Medical Discovery, It always helps, it almost always cures.

Accept no substitute for the "Discovery." Insist on the medicine which has cured others.

WE WILL SEND FREE, on receipt of stamps to pay expense of mailing ONLY, Dr. Pierce's Common Sense Medical Adviser, containing 1008 large pages. The best medical work for family use. Send 21 one-cent stamps for the book in paper-covers, or 31 stamps for the cloth-bound volume.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DISEASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored splotches and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

Ten years ago I contracted a bad case of Blood Poison. I was under treatment of a physician until I found that he could do me no good. Then began taking S.S.S. I commenced to improve at once and in a very short time all evidence of the disease disappeared. I took six bottles and today am sound and well.

R. M. Wall, Morristown, Tenn.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

WERE DRIVEN OUT BY FIRE

FLAMES DESTROYS FLATS IN CHICAGO.

Occupants Hurried Forth Into the Cold—One Man Proves Himself a Hero.

Chicago, March 17.—Twent-four families, occupying the St. Catherine flats at 40th street and Grand boulevard, were driven from the building by fire early today. A frigid wind was blowing and the firemen had to work vigorously to confine the flames to St. Catherine. The tenants had barely time to escape and shivered in their night-clothes till neighbors were aroused and gave them shelter. Nearly all household goods and personal effects were lost.

William Scanlon, a policeman, fell from a third story window and broke one of his legs. George Patton, one of the tenants, proved himself a hero. Three women were penned in on the third floor. Patton had reached them before the fire blocked the stirway. He made a rope of bed sheets and let the women down the elevator shaft by means of it. He then fastened it and attempted to slide down after them. The makeshift rope gave way, however, and he sustained a broken ankle. Firemen rescued him. The total loss was $60,000.

LEASES MORDHURST BUILDING.

FORT WAYNE BOY IN ENGLAND.

Oliver Stanton, of this city, is rapidly achieving success as an automobilist in England and has had the honor of being appointed automobile instructor to His Majesty King Edward VII. Stanton was born in this city and in his early youth was a bill poster and stage hand for Col. John A. Scott when the latter managed the old Adademy of Music.

NEW LODGE FORMED.

Wayne lodge, No. 23, Degree of Honor, was formed Saturday night with forty-seven members in the Elektron hall, the following officers being elected: Past chief honor, Mrs. Emma Conover; chief of honor, Mrs. Flo Strain; lady of honor, Mrs. Metsker; chief of ceremony, Mrs. Byers; recorder, Miss Jennie Pelkey; financier, Mrs. Mollie Sunderland; receiver, Mrs. Jonas Pelkey; usher, Mrs. Cora Thrasher; inside watch, Mrs. Ollie Mericle; outside watch, Mrs. Kate Karber; representative to grand lodge, Mrs. G. R. Hench; alternate representative, Mrs. Mary Schafer.

The work was conducted by Mrs. Emma Comparet, grand chief of honor, and members of the different A. O. U. W. auxiliary lodges were present.

ANCIENT RELIC UNEARTHED.

London, March 15.—A remarkable discovery has been made in county Mayo, Ireland, where a wooden boat, believed to be nearly 2,000 years old, has been dug up by some laborers. The boat is beautifully carved from the trunk of an oak tree. It is 46 feet long and shows absolutely no signs of decay. The wood was so hard that hatchets made scarcely any impression on it. Excursions are now being organized to view this relic of Celtic handicraft, which will shortly be taken to the Dublin museum.

ELY'S LIQUID CREAM BALM is an old friend in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh who are used to an atomizer in spraying the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75 cents. At your druggist's or Ely Brothers, 56 Warren street, New York, will mail it.

PROHIBITION CONVENTION.

All persons in Allen county, Indiana, in political sympathy with the Prohibition party, are requested to meet in mass convention in the assembly rooms of the new court house in Fort Wayne on Wednesday, March 26th, 1902, at 11 a. m., to nominate candidates for county officers, elect delegates to state convention and a county committee and other proper business. Dr. Boles, state evangelist, will speak in the afternoon and evening.

Everybody is invited to come.

JAMES E. GRAHAM,
Chairman County Committee.

Mrs. John McKean gave a pedro party this afternoon, assisted by Miss Emma Vollmer, in honor of Mrs. Frank Fox, who leaves soon to reside in the east. Mrs. R. M. Wilson, of Akron, O., was also a guest of honor.

REVOLUTIONISTS TAKE TOWN

GUANATA CAPTURED BY GEN. MOGAS' FORCES.

Rebels Are Now Threatening Barcelona—Government Force Will Engage Rebels.

New York, March 17.—About 600 Venezuelan revolutionists under the command of General Domingo Mogas, have taken Guanata and are now threatening Barcelona, according to the latest advices, says a dispatch from Port of Spain, Trinidad, to the Herald. The Venezuelan insurgent steamship Libertador has landed Generals Nicolas Rolando and Jose Penaloza near Carupano. They have joined 1,000 revolutionists near Cumana. General Landaete, a Venezuelan government officer, has abandoned Carupano and has fled toward Caracas. It is expected that General Ducharme's force will intercept General Landaete's troops. Revolutionists, under the command of General Cordoba, are moving on Cumana.

IN NORTHERN INDIANA

A military company is being organized at Angola.

Independent telephone men who are building the plant at South Bend will apply for a franchise at Mishawaka.

Eighty men are now employed in the Wabash shops at Ashley, the largest number since the shops were established.

John Merriman, of Wells county, violated the health law in entering a house which was quarantined. He was fined $17.45.

William Tobin, of Laporte, is dead from an attack of hiccoughing, from which he suffered for ten days. Physicians were unable to afford relief.

George Stonestreet, east of LaOtto, whose disappearance for several days last week greatly alarmed friends, was located near Columbia City. He was found lying very ill along the tracks of the Vandalia railway.

Uncle Moses Perry, in an interview in the St. Joe News says: "I am eighty-three years old today. When I was born there was not in all the world a single match, sewing machine, steam ship, steam engine of practical use, reaper or mower, steel car or railroad, telegraph or telephone, threshing machine or clover huller, and all metal or steel plow, and a thousand other things now thought to be indispensible. Will the next eighty-three years show such advaucement? I doubt it.

Have You Seen the Automatic Figure in Meyer Bros. Drug Store?

It is worth going across the city to see. Everyone pronounces it a most wonderful piece of mechanicism. However, it is no more wonderful than the Vaporizer which it advertises. That instrument takes medicated vaseline oil, practically an ointment, and converts it into a vapor so fine that it goes wherever the breath goes. It also, by gentle air pressure, dilates all the air passages and forces the medicated vapor into all the nooks and corners of the nasal cavity, where it is deposited as an antiseptic healing dressing. It thus treats thoroughly diseased members which cannot be reached by snuffs, douches, syringes or even by atomizers.

This new treatment is scientific and simple. It appeals to common sense. It is the best means for breaking up colds, and thus preventing catarrh. IT WILL POSITIVELY CURE CATARRH.

Meyer Bros., the reliable druggists, guarantee it to satisfy their customers or they will refund their money.

At their store a short time. Don't fail to investigate it. A lady demonstrator will gladly explain and give books and trial treatments.

THE MARKETS.

Chicago, March 17.—Cold weather in the west and southwest pushed up grain prices at the opening today. Some parts of the southwest have had no moisture in the last forty-eight hours and as far south as northern Kansas the thermometer registered 10 degrees below zero. The early trade was good and the crowd especially wanted July stuff. Other conditions were bullish, though the cables were rather indifferent. May wheat started ¼c to ⅞c higher at 75⅝c to 76c, receded several times from the top figure and regained it again, and at the end of the first hour was steady around 75⅝c. July options gained nearly 1c. Local receipts were 31 cars, none of contract grade. Minneapolis and Duluth reported 548 cars, making a total for the three points of 579 cars, against 488 last week and 805 a year ago. Stuff on passage decreased 824,000. The world's shipments were 5,275,000 bushels, compared to 8,011,000 bushels last week and 7,958,000 bushels a year ago.

Shortly after the first hour the sentiment in the wheat pit began to change. Shorts had cleared up pretty well Saturday on the long offerings. Prices began to ease and a number of commission houses took advantage of the opportunity to conduct a bear drive. Plenty of stuff was thrown overboard and prices dropped badly, May selling as low as 74½c and closing weak, ½@⅝c lower, at 74½@74⅝c.

Offerings of corn were not excessive at the opening and the demand was good. On these influences together with the cold weather and the wheat strength May corn opened ¼@⅜c to ½@⅝c up at 62⅝c to 63⅛c. Receipts were still small at 104 cars and showed little tendency to increase. Feeding west developed a good demand and prices held firm. At the end of the first hour May was selling at 62⅝c.

The bullish sentiment in corn quickly evaporated with the break in wheat and prices for May slid off to 61¾c. The close was weak, May ⅝c down, at 61⅞@62c.

Oats were higher in sympathy with other grains. July was in good demand and the locals were inclined to the buying side. May was also higher, but the trade was on a small scale. May opened ¼@⅜c up at 45¾c. The demand was easily satisfied and prices weakened to 45¼c on profit-taking. Receipts were 103 cars.

Higher prices for hogs and the strength in grains started provisions strong. There was not much wanted, however, and some selling eased the market from the top prices. May pork opened 15@12½c up at $15.57½ and eased to $15.45; May lard 2½c higher at $9.42½ and sold at $9.40, and May ribs 2½@5c advanced at $8.45 and eased to $8.42½.

THE DAY ON WALL STREET.

New York, March 17.—The principal dealings at the opening of the stock market today were in the specialties. Large transactions were recorded in Amalgamated Copper, Manhattan, Consolidated Gas and Linseed. Amalgamated after a fractional advance dropped sharply. The others advanced. Colorado and Southern second preferred rose 1¼ and Northwestern 1¾. Fractional gains were the rule in the general list.

Manhattan, Brooklyn Union Gas and Consolidated Gas rose 1@2 and Brooklyn Transit a large fraction. American Ice fell 2⅞ and the preferred 1¼. Generally speaking there was more business in the specialties than in the railroads, and the latter were not influenced by the fluctuations of the former. Amalgamated Copper was not well supported and declined 2½ below Saturday's close. New Haven lost 2. General Electric advanced 2¾, Westinghouse Electric 4, Continental Tobacco preferred 3¾, Minneapolis, St. Paul and Sault Ste Marie preferred 5⅞ and Pacific Mail, Sugar, Delaware and Hudson and Rutland preferred a point.

The market was very spotty, vigorous bidding up of special stocks being utilized to take profits in others. Rock Island, Republic Steel preferred, Twin City Rapid Transit, Laclede Gas, Consolidated Gas, Minneapolis, St. Paul and Sault Ste Marie preferred declined from 1 to 2½. Meanwhile American Linseed, common and preferred, National Biscuit, North American, People's Gas, Third Avenue, St. Louis and San Francisco, Atchison, Missouri Pacific, Reading second preferred, Baltimore and Ohio, the Toledo, St. Louis and Western stocks, St. Paul and Omaha, Wabash preferred and Rutland preferred rose from 1 to 3 points. The strength of the market was quite general at noon.

Bonds were steady. There were heavy dealings in Wabash debenture B's.

THE MONEY MARKET.

New York, March 17.—Money on call firm at 4 per cent; prime mercantile paper, 4@5 per cent; sterling exchange about steady with actual business in bankers' bills at 4.87¼@4.87½ for demand and at $4.84¼@4.85 for 60 days; posted rates, $4.86 and $4.88½; commercial bills, $4.84½@4.85¼; bar silver, 54c; Mexican dollars, 43¼c.

EAST BUFFALO MARKETS.

ABOUT THE COURT HOUSE.

The case of Mary J. Fox, administrator, against the Wabash railroad, in which $10,000 damages are asked, is on trial before Judge O'Rourke and a struck jury this afternoon. Jesse F. M. Fox, husband of the plaintiff, was employed by the railroad company and while performing his usual duties, it is alleged, was killed through the negligence of the company's employes.

The will of the late Malinda McKinnie was today probated.

In the case of Edward Seidel vs. Henry Scheele, on a note for $500, the costs were paid by the plaintiff and the suit was dismissed.

Mary A. Mettert has commenced suit against Levi Mettert et al. for partition of real estate.

Another chapter in the affairs of Eliza Smith, Philip Smith, her husband, and Maude Pierson, was closed this afternoon when the suit instituted by Mrs. Smith against Miss Pierson was dismissed in the superior court. The complaint charged that the Pierson woman had alienated the affections of Mrs. Smith's husband and that the damage was $5,000. The suit was today dismissed at the plaintiff's costs and judgment was for the defendant.

In the case of Schwabacker vs. Stein and Mihalowitch against Stein, the defendant took a change of venue from the county.

Loretta, the little 4-year-old daughter of Jeff Toler, has been ordered delivered to the board of children's guardians. The little girl is and for some time has been in the custody of Mrs. Shaffer, of 21 High street. It is charged that the woman is not the proper sort of a person to have charge of the little girl and Judge O'Rourke this afternoon issued a writ for the child's arrest and her delivery to the children's board. The woman and the girl are much attached to each other and Deputy Sheriff Reichalderfer at 3 o'clock went out on his mission with many misgivings.

Judge Adair on Saturday decided the case of the school city of Shirley City vs. the school township of Maumee, involving the possession and ownership of the school property in Shirley City. The decision was in favor of the Shirley City contestants and from this decision the township authorities took an appeal.

Saturday afternoon the county commisioners opened bids for furnishing county supplies for three months, according to the requisition of Superintendent Turflinger, of the county poor farm. The awards were made as follows: Dry goods, to Wolf & Dessauer; groceries, to the White Fruit House, F. P. Wilt & Co., A. H. Perfect & Co., and the Greatest Grocery; clothing, to Benjamin Lehman; shoes, to Louis Fortreide and S. B. Thing & Co.

At noon today Deputy Sheriff Bert Smith, accompanied by a lady attendant, left for Richmond having Mary Gearheart in charge. The woman has been recommitted to the insane asylum from where she was discharged as cured several months ago.

IN JUSTICES' COURTS.

Justice France this afternoon heard the evidence in the case of Al Keck, charged with having shortchanged a young fellow named Bandian last October. Before proceeding very far the prosecutor dismissed the case. Meanwhile Keck had filed an affidavit charging Frank Bryant, a Columbia street saloonkeeper, with having batted him on the head with a billiard cue last Friday. Keck was discharged from custody on the original charge, but was sent back to jail to be held as a witness in the Bryant case.

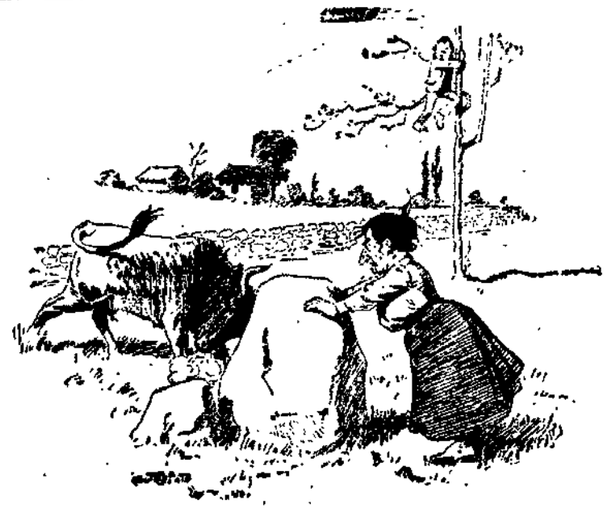
HER SCALP TORN OFF.

Indianapolis, Ind., March 17.—Mrs. Josephine Stevens, a widow employed in a Senate avenue laundry, was the victim of a terrible accident today. While she was leaning over to pick up a garment her hair was caught by the crankshaft and in an instant her scalp was torn from her head. She was taken to the City hospital. It is believed she will live.

A PUZZLE PICTURE.

WHERE IS THE PARROT?



Mrs. Henpeck—Help! Help! John, you're a coward.

Mr. H.—True, Mary; but it's your fault. A lamb in peace can't be a lion in war.

TO FIX CONVENTION DATE.

Chairman Harris announced this morning that he would call a meeting of the republican county central committee for Saturday, March 29, to fix a date for holding the republican county convention. Mr. Harris said that an early convention would doubtless be held.

KILLED IN FREIGHT WRECK.

New Albany, Ind., March 17.—A freight train on the St. Louis and Louisville division of the Southern railway was ditched today near Kyana, sixty miles west of this city, by the spreading of the rails, resulting in the death of Freight Brakeman Wm. Fileds and Fireman Frank Gleeson and the serious injury of Engineer Claude Sittason.

Mrs. Metcalf's Monday evening class in physical culture, oratory and elocution will give a recital Monday evening, March 24, in Kimball hall, at the opening of the new term. The recital was postponed from this evening.

WILL HEAR FUNSTON.

Washington, March 17.—Maj. Gen. E. S. Otis, United States army, former military governor of the Philippines, was before the Philippines committee, but gave no testimony further than the date of his arrival in and departure from the Philippines, owing to the convening of the senate. The committee meets again tomorrow. It is stated that General Funston will be examined immediately after General Otis.

COLLIDED IN A FOG.

New York, March 17.—The Old Dominion freight steamer Richmond, from Norfolk, Va., while bound up the bay last night in a dense fog, collided with the bark John S. Emory, of Boston, at anchor off Robbins reef in the upper bay. The Richmond was badly wrecked by the collision, the bowsprit of the bark raking her from the fore to the main rigging. The main chain plates, after-house, foretop mast, two boats and davits on the starboard side were carried away and the two top sections of her smokestack were injured. The bark was only slightly damaged.

For every 100 deaths in rural districts in England there are 118 in town districts.

REVOLUTIONISTS TAKE TOWN

GUANATA CAPTURED BY GEN. MOGAS' FORCES.

Rebels Are Now Threatening Barcelona—Government Force Will Engage Rebels.

New York, March 17.—About 600 Venezuelan revolutionists under the command of General Domingo Mogas, have taken Guanata and are now threatening Barcelona, according to the latest advices, says a dispatch from Port of Spain, Trinidad, to the Herald. The Venezuelan insurgent steamship Libertador has landed Generals Nicolas Rolando and Jose Penaloza near Carupano. They have joined 1,000 revolutionists near Cumana. General Landaete, a Venezuelan government officer, has abandoned Carupano and has fled toward Caracas. It is expected that General Ducharme's force will intercept General Landaete's troops. Revolutionists, under the command of General Cordoba, are moving on Cumana.

IN NORTHERN INDIANA

A military company is being organized at Angola.

Independent telephone men who are building the plant at South Bend will apply for a franchise at Mishawaka.

Eighty men are now employed in the Wabash shops at Ashley, the largest number since the shops were established.

John Merriman, of Wells county, violated the health law in entering a house which was quarantined. He was fined $17.45.

William Tobin, of Laporte, is dead from an attack of hiccoughing, from which he suffered for ten days. Physicians were unable to afford relief.

George Stonestreet, east of LaOtto, whose disappearance for several days last week greatly alarmed friends, was located near Columbia City. He was found lying very ill along the tracks of the Vandalia railway.

Uncle Moses Perry, in an interview in the St. Joe News says: "I am eighty-three years old today. When I was born there was not in all the world a single match, sewing machine, steam ship, steam engine of practical use, reaper or mower, steel car or railroad, telegraph or telephone, threshing machine or clover huller, and all metal or steel plow, and a thousand other things now thought to be indispensible. Will the next eighty-three years show such advancement? I doubt it.

Have You Seen the Automatic Figure in Meyer Bros. Drug Store?

It is worth going across the city to see. Everyone pronounces it a most wonderful piece of mechanicism. However, it is no more wonderful than the Vaporizer which it advertises. That instrument takes medicated vaseline oil, practically an ointment, and converts it into a vapor so fine that it goes wherever the breath goes. It also, by gentle air pressure, dilates all the air passages and forces the medicated vapor into all the nooks and corners of the nasal cavity, where it is deposited as an antiseptic healing dressing. It thus treats thoroughly diseased members which cannot be reached by snuffs, douches, syringes or even by atomizers.

This new treatment is scientific and simple. It appeals to common sense. It is the best means for breaking up colds, and thus preventing catarrh. IT WILL POSITIVELY CURE CATARRH.

Meyer Bros., the reliable druggists, guarantee it to satisfy their customers or they will refund their money.

At their store a short time. Don't fail to investigate it. A lady demonstrator will gladly explain and give books and trial treatments.

THE MARKETS.

Chicago, March 17.—Cold weather in the west and southwest pushed up grain prices at the opening today. Some parts of the southwest have had no moisture in the last forty-eight hours and as far south as northern Kansas the thermometer registered 10 degrees below zero. The early trade was good and the crowd especially wanted July stuff. Other conditions were bullish, though the cooles were rather indifferent. May wheat started 1c to 7/8c higher at 75½c to 76c, receded several times from the top figure and regained it again, and at the end of the first hour was steady around 75⅞c. July options gained nearly 1c. Local receipts were 31 cars, none of contract grade. Minneapolis and Duluth reported 548 cars, making a total for the three points of 579 cars, against 488 last week and 805 a year ago. Stuff on passage decreased 824,000. The world's shipments were 5,278,000 bushels, compared to 8,011,000 bushels last week and 7,958,000 bushels a year ago.

Shortly after the first hour the sentiment in the wheat pit began to change. Shorts had cleared up pretty well Saturday on the long offerings. Prices began to ease and a number of commission houses took advantage of the opportunity to conduct a bear drive. Plenty of stuff was thrown overboard and prices dropped badly, May selling as low as 74⅛c and closing weak, ½@⅞c lower, at 74½@74⅝c.

Offerings of corn were not excessive at the opening and the demand was good. On these influences together with the cold weather and the wheat strength May corn opened ¼@⅜c to ½@⅝c up at 62⅝c to 63⅛c. Receipts were still small at 104 cars and showed little tendency to increase. Feeding west developed a good demand and prices held firm. At the end of the first hour May was selling at 62¾c.

The bullish sentiment in corn quickly evaporated with the break in wheat and prices for May slid off to 61⅜c. The close was weak, May ⅝c down, at 61⅞@62c.

Oats were higher in sympathy with other grains. July was in good demand and the locals were inclined to the buying side. May was also higher, but the trade was on a small scale. May opened ¼@⅜c up at 45¾c. The demand was easily satisfied and prices weakened to 45½c on profit-taking. Receipts were 103 cars.

Higher prices for hogs and the strength in grains started provisions strong. There was not much wanted, however, and some selling eased the market from the top prices. May pork opened 15@12½c up at $15.57½ and eased to $15.45; May lard 2½c higher at $9.42½ and sold at $9.40, and May ribs 2½@5c advanced at $8.45 and eased to $8.42½.

THE CLOSE.

Prices at the close were as follows:

Wheat—March, 73½c; May, 74⅛@74⅝c; July, 75¼c; Sept., 74⅞c.

Corn—March, 60½c; May, 61⅞@62c; July, 61⅝c; Sept., 59¾c; Dec., 49¾c.

THE DAY ON WALL STREET.

New York, March 17.—The principal dealings at the opening of the stock market today were in the specialties. Large transactions were recorded in Amalgamated Copper, Manhattan, Consolidated Gas and Linseed. Amalgamated after a fractional advance dropped sharply. The others advanced. Colorado and Southern second preferred rose 1½ and Northwestern 1¾. Fractional gains were the rule in the general list.

Manhattan, Brooklyn Union Gas and Consolidated Gas rose 1@2 and Brooklyn Transit a large fraction. American Ice fell 2⅝ and the preferred 1¼. Generally speaking there was more business in the specialties than in the railroads, and the latter were not influenced by the fluctuations of the former. Amalgamated Copper was not well supported and declined 2½ below Saturday's close. New Haven lost 2. General Electric advanced 2¾, Westinghouse Electric 4, Continental Tobacco preferred 3¾, Minneapolis, St. Paul and Sault Ste Marie preferred 5⅞ and Pacific Mail. Sugar, Delaware and Hudson and Rutland preferred a point.

The market was very spotty, vigorous bidding up of special stocks being utilized to take profits in others. Rock Island, Republic Steel preferred, Twin City Rapid Transit, Laclede Gas, Consolidated Gas, Minneapolis, St. Paul and Sault Ste Marie preferred declined from 1 to 2½. Meanwhile American Linseed, common and preferred, National Biscuit, North American, People's Gas, Third Avenue, St. Louis and San Francisco, Atchison, Missouri Pacific, Reading second preferred, Baltimore and Ohio, the Toledo, St. Louis and Western stocks, St. Paul and Omaha, Wabash preferred and Rutland preferred rose from 1 to 3 points. The strength of the market was quite general at noon.

Bonds were steady. There were heavy dealings in Wabash debenture B's.

THE MONEY MARKET.

New York, March 17.—Money on call firm at 4 per cent; prime mercantile paper, 4@5 per cent; sterling exchange about steady with actual business in bankers' bills at 4.87½@4.87⅝ for demand and at $4.84½@4.85 for 60 days; posted rates, $4.86 and $4.88½; commercial bills, $4.84½@4.85¼; bar silver, 54c; Mexican dollars, 43¼c.

EAST BUFFALO MARKETS.

East Buffalo, N. Y., March 17.—Cattle—Receipts, 2,750 head; market active, 10@15c higher for choice shipping and export grades with butcher stock 20@25c higher. ABOUT THE COURT HOUSE.

The case of Mary J. Fox, administrator, against the Wabash railroad, in which $10,000 damages are asked, is on trial before Judge O'Rourke and a struck jury this afternoon. Jesse F. M. Fox, husband of the plaintiff, was employed by the railroad company and while performing his usual duties, it is alleged, was killed through the negligence of the company's employes.

The will of the late Malinda McKinnie was today probated.

In the case of Edward Seidel vs. Henry Scheele, on a note for $500, the costs were paid by the plaintiff and the suit was dismissed.

Mary A. Mettert has commenced suit against Levi Mettert et al. for partition of real estate.

Another chapter in the affairs of Eliza Smith, Philip Smith, her husband, and Maude Pierson, was closed this afternoon when the suit instituted by Mrs. Smith against Miss Pierson was dismissed in the superior court. The complaint charged that the Pierson woman had alienated the affections of Mrs. Smith's husband and that the damage was $5,000. The suit was today dismissed at the plaintiff's costs and judgment was for the defendant.

In the case of Schwabacker vs. Stein and Mihalowitch against Stein, the defendant took a change of venue from the county.

Loretta, the little 4-year-old daughter of Jeff Toler, has been ordered delivered to the board of children's guardians. The little girl is and for some time has been in the custody of Mrs. Shaffer, of 21 High street. It is charged that the woman is not the proper sort of a person to have charge of the little girl and Judge O'Rourke this afternoon issued a writ for the child's arrest and her delivery to the children's board. The woman and the girl are much attached to each other and Deputy Sheriff Reichelderfer at 3 o'clock went out on his mission with many misgivings.

Judge Adair, on Saturday decided the case of the school city of Shirley City vs. the school township of Maumee, involving the possession and ownership of the school property in Shirley City. The decision was in favor of the Shirley City contestants and from this decision the township authorities took an appeal.

Saturday afternoon the county commissioners opened bids for furnishing county supplies for three months, according to the requisition of Superintendent Turflinger, of the county poor farm. The awards were made as follows: Dry goods, to Wolf & Dessauer; groceries, to the White Front House, F. P. Will & Co., A. H. Perfect & Co., and the Greatest Grocery; clothing, to Benjamin Lehman; shoes, to Louis Fontreide and S. B. Thing & Co.

At noon today Deputy Sheriff Bert Smith, accompanied by a lady attendant, left for Richmond having Mary Gearheart in charge. The woman has been recommitted to the insane asylum from where she was discharged as cured several months ago.

IN JUSTICES' COURTS.

Justice France this afternoon heard the evidence in the case of Al Keck, charged with having shortchanged a young fellow named Bandian last October. Before proceeding very far the prosecutor dismissed the case. Meanwhile Keck had filed an affidavit charging Frank Bryant, a Columbia street saloonkeeper, with having batted him on the head with a billiard cue last Friday. Keck was discharged from custody on the original charge, but was sent back to jail to be held as a witness in the Bryant case.

HER SCALP TORN OFF.

Indianapolis, Ind., March 17.—Mrs. Josephine Stevens, a widow employed in a Senate avenue laundry, was the victim of a terrible accident today. While she was leaning over to pick up a garment her hair was caught by the crankshaft and in an instant her scalp was torn from her head. She was taken to the City hospital. It is believed she will live.

A PUZZLE PICTURE.

WHERE IS THE PARROT?

Mrs. Henpeck—Help! Help! John, you're a coward.

Mr. H.—True, Mary; but it's your fault. A lamb in peace can't be a lion in war.

TO FIX CONVENTION DATE.

Chairman Harris announced this morning that he would call a meeting of the republican county central committee for Saturday, March 29, to fix a date for holding the republican county convention. Mr. Harris said that an early convention would doubtless be held.

KILLED IN FREIGHT WRECK.

New Albany, Ind., March 17.—A freight train on the St. Louis and Louisville division of the Southern railway was ditched today near Kyana, sixty miles west of this city, by the spreading of the rails, resulting in the death of Freight Brakeman Wm. Fileds and Fireman Frank Gleeson and the serious injury of Engineer Claude Sittason.

WILL HEAR FUNSTON.

Washington, March 17.—Maj. Gen. E. S. Otis, United States army, former military governor of the Philippines, was before the Philippines committee, but gave no testimony further than the date of his arrival in and departure from the Philippines, owing to the convening of the senate. The committee meets again tomorrow. It is stated that General Funston will be examined immediately after General Otis.

COLLIDED IN A FOG.

New York, March 17.—The Old Dominion freight steamer Richmond, from Norfolk, Va., while bound up the bay last night in a dense fog, collided with the bark John S. Emory, of Boston, at anchor off Robbins reef in the upper bay. The Richmond was badly wrecked by the collision, the bowsprit of the bark taking her from the fore to the main rigging. The main chain plates, after-house, foretop mast, two boats and davits on the starboard side were carried away and the two top sections of her smokestack were injured. The bark was only slightly damaged.

For every 100 deaths in rural districts in England there are 118 in town districts.

FORT WAYNE ELECTRIC WORKS PLACES BIG ORDER.

THE DEAL INVOLVES $10,000

NILES TOOL COMPANY WILL BUILD EQUIPMENT.

NEWS OF THE SHOP AND RAIL

ITALIAN LABORER HAS FOOT CRUSHED AT THE YARDS.

General Manager J. J. Wood, of the Fort Wayne Electric company, placed an order with the Niles Tool company last Saturday for $10,000 worth of machinery, which will be added to the equipment of the works in this city. Included in the list of tools are lathes, planers, drill presses and shapers, all of the latest and best types, to be used in making lamps. The lamp department of the Electric works is not equal to the demands of the ever increasing business, though improvements and additions to the equipment have been numerous. The big order placed last Saturday will, is is believed, enable this department to keep even, or nearly so, with the orders for a couple of years at least. At present the department is over 1,000 lamps behind the orders. Other departments are behind with their work also, but not to so great an extent as the lamp department. Mr. Wood went to Chicago last night to meet the officials of the Illinois Steel company this morning. That firm is in need of 700 or 800 lamps and the order for them will probably be given to Mr. Wood. The steel manufacturers already have a number of Mr. Wood's new arc lamps in service and are well pleased with them.

Mr. Wood said that the Wabash company had not signed the lease for the ground upon which the Electric company will build its boiler room, but he is expecting the papers at any time. The boilers are on the ground and they will be speedily installed when the site question is settled.

TURNTABLE IN POSITION.

The big new turn table at the Nickel Plate yards was lowered to its place in the pit Saturday and the circular rail upon which the wheels at the end of the table travel was leveled up and secured today. The concrete floor of the pit will be put in and then the Nickel Plate will have the largest round house turntable in the city.

ITALIAN HAS FOOT HURT.

Tony Larsarus, an Italian, who has been employed by Bridge Superintendent James Rogers, of the Nickel Plate, is at St. Jospeh hospital with a painfully injured foot. The member was crushed between the turntable rail and a house rail at the Nickel Plate yards last Friday at 5 o'clock. Dr. J. M. Dinnen is attending the unfortunate fellow.

OBSERVE ST. PATRICK'S DAY.

In all the shops today there is not one department that has a full complement of workmen, the men being off celebrating St. Patrick's day. So badly were some of the shops crippled that it would have been better for the proprietors had they entirely suspended operations for the day, but they did not and rather than disappoint the men who did report for duty the works were operated. Generally the right to lay off today is recognized and the man who failed to "show up" at his respective post will not be required to explain to morrow.

HELD A JOINT SMOKER.

The Blacksmiths' and Boilermakers' unions held a joint smoker at the hall, 138 Calhoun street, Saturday evening, which proved to be one of the most pleasant social affairs the participants ever enjoyed. While the men smoked and played cards, Lagemann's orchestra discoursed sweet music. This entertainment will be repeated in the near future.

TRAIN STRIKES A BUGGY.

A very fortunate accident—if an accident can be fortunate—occurred at the first crossing west of Arcola at 6 o'clock this morning. At that point No. 15, westbound Pennsylvania passenger train, which was late and running at a high rate of speed, collided with a buggy, killed the horse, demolished the vehicle and tossed the two occupants into the ditch. The men were Isaac Brundy and William Jones, residents of Arcola, and neither was injured in the least. They had been visiting in the country and were returning to their homes when the accident happened. Being tired and drowsy, it is presumed they did not notice the approaching train.

WILL MOVE TO TEXAS.

Jule Schroeder, a machinist, resigned his position at the Wabash shops Saturday night for the purpose of taking a position with Master Mechanic William Paul, of the Galveston, Houston and Henderson road, with headquarters in Galveston, Texas. Mr. Schroeder will leave for that city in a few days.

THEY REPORT FOR DUTY.

Several Pittsburg shopmen who had been off duty for some time on account of sickness or accident, resumed their respective duties this morning. Among the men are Frank J. Ruch, who had some fingers hurt several weeks ago; F. C. McElfatrick, painter, who had a wrist sprained two weeks ago; William C. Hable, who had a hand hurt a week ago; F. M. Shambaugh, who was sick three weeks; H. J. Smith, who was sick five or six days.

HAD INTERESTING MEETING.

The Wage Earners' Protective association held a meeting at Lill's hall yesterday afternoon, at which there was a large attendance and a deep interest in the proceedings. The by-laws were read again, but final action was postponed until the next meeting, and a committee of five for executive purposes was appointed. The meetings will be held hereafter on Friday evenings, instead of Sunday afternoons.

BOILERMAKER INJURED.

In getting out of a firebox at the Wabash boiler shop Saturday, James Fred struck his head against a stud and received an ugly scalp wound. He went to the company's hospital at Peru this morning to stay until he is able to work. Mr. Fred has been very unfortunate during his residence in Fort Wayne. Last July he was taken with an affection of the ears and for awhile his condition was so serious that it was feared he could not recover. But he got well and is again the victim of misfortune.

INDUSTRIAL NOTES.

J. Haslop, of the Pittsburg planing mills, is sick and off duty.

The Cincinnati, Hamilton and Dayton pay car was in the city Saturday evening.

Nickel Plate Yardmaster Ed Oliphant went to Chicago last night to visit a friend.

Charles Rodenbeck, Wabash boilermaker, went to Toledo this morning to do some work for the company.

Engines 148, 162 and 533 were taken into the back shop of the Pittsburg for general repairs this morning.

Switchman Earl Repine, who was sick three or four days, reported for duty in the Pittsburg yards this morning.

W. H. Dornte, jr., son of the car inspector of that name, has taken a position in the copper shop of the Pittsburg.

Fireman J. E. Perkins, of the Pittsburg, has gone to the country to see a relative, who is said to be dangerously sick.

Boilermaker P. C. Cunningham, who had an eye removed a week ago, resumed work at the Wabash shops this morning.

Two car loads of boilers and their fixtures left the Bass works today, consigned to a manufacturing firm in Oneonta, N. Y.

After an illness of three weeks C. S. Roberts was able to resume his duties in the power station at the Pittsburg shops this morning.

W. L. Yergens this morning began an apprenticeship at the Wabash machine shop, being assigned to Foreman Orvill Hudson's department.

Sales Superintendent F. S. Hunting, of the Fort Wayne Electric company, left for New York last night, his mission being business for the firm.

Charles Miller and Joseph Conrad, boilermakers' helpers, who were employed at the Bass works for some time, took positions in the Pittsburg shops this morning.

Bert Olds, William Driftmeyer and Stuart Reherer, construction men in the employ of the Fort Wayne Electric works, came in off the road Saturday, after completing the installation of some plants.

The Pennsylvania company has ordered the renewal of the telegraph wires between the city and the junction and the wire for this purpose has already arrived. There are eight wires to be renewed.

A RICH MAN'S REMEDY.

Rich men are almost always hard-headed and skeptical. Business life makes them careful, cautious and conservative. Hon. Peter Gendron, of Toledo, O., is a self-made man of wealth. When he retired a few years ago from the management of the great Gendron Iron works it was with the intention of traveling to regain his health. Hard work had worn him out. Some one mentioned LEROUX'S BLOOD REMEDY to him. The rich man laughed scornfully. His friend persisted, and, still laughing, he tried the medicine. "If you convince me," he said, "that this medicine is the great tonic and purifier you claim, I'll go back into the harness and make it famous." He was cured. So were three of his friends. He kept his word, and is devoting his life to the remedy that cured him, and is now president of the Leroux Medicine Co. As bright eyed and energetic as a boy, at the age of 89 years, he is a living advertisement for his own medicine. This wealthy man will take time to send you a personal letter if you will only ask him, and his company physician, Dr. Whiteford, will give your case personal attention free of charge. Write today. Your druggist has Leroux's Blood Remedy. Mr. Gendron says positively that he can cure the worst cases of Rheumatism, Catarrh, Eczema, Scrofula, Blood Poison, or any ailment arising from impure blood, even including Cancer.

The Misses Mary Keleher and Anna Ahearn, of the McKinnie house, received direct from Ireland this morning a liberal box of shamrock, and many of their friends were supplied with a bouttoniere from the lot.

Supt. G. M. McKee, of the Mobile and Ohio, who was visiting friends here, left for Mobile last night, on receipt of a telegram calling him there. He expected to visit in Detroit before going south, but had to forego that pleasure.

Conductor George McCormick and Brakemen W. P. Bardelman and A. Bressler, of the Nickel Plate, are taking a few days rest. L. F. Brokaw, a brakeman, reported for duty after being off duty on account of his wife's sickness.

The American Bridge company has secured the contract for the steel structural work of the viaducts and bridges on the Wabash road at its entrance into Pittsburg. It is estimated that 30,000 tons of steel will be used at a cost of $3,200,000.

The Gruber boiler shop, on Barr street, which was damaged by fire a few weeks ago, will be rebuilt upon a larger scale, having dimensions 100x40 feet. Mr. Gruber will also put in some air compressor tools and otherwise improve the equipment.

The most important of the shipments from the electric light works today were four motors to Buffalo and one to Lincoln, Neb. Some big consignments will be made from the works this week, if nothing happens to interfere with the testing of the machinery.

A telegram from Mrs. Murray, who has been in Indianapolis at the bedside of her mother for two weeks, called Boiler Foreman James Murray, if the Wabash shops, to that city Saturday night. The sick lady was reported much worse and her condition dangerous.

Indianapolis Journal: "Eight firemen on the Pittsburg, Fort Wayne and Chicago were last week promoted to engineers and six on the Panhandle. The companies are placing so many new engines in service that there is a great opening for firemen who are competent for promotion, said one of the officials."

Born, to Mr. and Mrs. Emil Deister—an eleven-pound boy. This is the first heir in that family and he brings the greatest joy to the proud parents. Mr. Deister is a machinist at the Bass works, but he failed to report for duty this morning, being engaged, the boys say, in gathering a supply of cigars for his shop associates.

Victor Conrad, day operator at the Lake Shore offices, resigned Saturday to engage in the restaurant business at Chicago. The vacancy was filled by the promotion of G. M. Ramsey, night operator. H. V. Ferree, of Grand Rapids, has taken the night trick. Mr. Conrad and Mr. Ramsey were employed several years at the Lake Shore offices.

Rather than injure his candidacy for mayor of Peru by moving his official headquarters to this city, as instructed by the management of the Wabash, William Odum has resigned the position of chief lineman for the company. In connection with notice of his resignation, the Peru Journal

Odum, who seems to be a popular man. He is quite well known here.

Ringling Brothers will receive two more car loads of animals from Africa for their menagerie in a few days, and they will pass through this city, over the Pittsburg, en route to Baraboo, going by Adams express. The car load mentioned last week included one of the largest camels ever brought to America, it being over eight feet tall. Thomas C. Boylan had charge of the animals in transit.

Conductor Ed Nulf, of the Pennsylvania, has returned from a more or less successful hunting expedition in the western part of the state. In honor of the occasion the bard of the company has written the following lines, which he dedicates to the brave Nimrod:

"One less duck on the mushy marsh,
One less on the gulf;
We saw him leave on eastbound train
With little Eddie Nulf."

ONE PATIENT AT PEST HOUSE

EMPLOYE OF KNITTING MILLS IS STRICKEN.

Sanitary Police Have Blossomed in New Uniforms—The News of the City Hall.

The new isolation hospital on the county poor farm has been comfortably provided with all the best sanitary appliances, nurses have been installed and the first patient delivered there was John Buelow, whose home is at 536 West Fifth street. Buelow, who is an employe at the Knitting mills, has been sick at his home since a week ago Friday, but it was not until yesterday that smallpox developed, and as he has not been at the mills for considerably over a week, there is no danger of unusual trouble at that institution. Dr. Macbeth was called yesterday to examine the case, which he at once pronounced smallpox, and also ordered the immediate removal of the patient to the new hospital. Meantime the Buelow family was vaccinated, the house was fumigated and every precaution taken to prevent a spread of the disease from that quarter.

Yesterday afternoon Dr. Macbeth went to Huntington, where he personally investigated quarantine conditions. He found that the Huntington physicians and board of health, as well as the citizens, were working harmoniously and with perfect co-operation and that all sanitary precautions were being enforced, and, briefly, that there is no danger of infection from that quarter.

HEALTH POLICE IN UNIFORM.

The notable thing about the city hall this morning was the gorgeous uniforms of Sanitary Policemen A. J. Aubrey and Charles Broeking, who blossomed out in stunning array on this St. Patrick's anniversary. The uniforms are of dark blue cloth, of the same shade and quality as worn by the other officers. The cap is of a different pattern than that worn by the policemen and is decidedly handsomer. On the front of the cap in gilt embroidered letters are the words "Sanitary Police," while the silver star worn on the left breast bears the same inscription. The uniforming of the sanitary police force will without doubt add to the efficiency of the department. All people have a more wholesome regard for a mandate that is backed up by a blue suit, with brass buttons sewed on to it, than they have for a notice delivered by a person in citizen's clothes. In sanitary work, especially, is this true. A man in plain clothes is looked on as a meddler, while one in uniform commands respect. The only member of the city department now clothed with police powers, but still ununiformed, is License Inspector Tremmel. Mayor Berghoff says that Officer Tremmel will be likewise provided within a very short time.

CITY HALL NOTES.

The bi-monthly pay day for street and park forces occurs tomorrow. About $1,100 will be disbursed.

The board of works is in session this afternoon, transacting only miscellaneous business.

HAD INTERESTING MEETING.

The Wage Earners' Protective association held a meeting at Lill's hall yesterday afternoon, at which there was a large attendance and a deep interest in the proceedings. The by-laws were read again, but final action was postponed until the next meeting, and a committee of five for executive purposes was appointed. The meetings will be held hereafter on Friday evenings, instead of Sunday afternoons.

BOILERMAKER INJURED.

In getting out of a firebox at the Wabash boiler shop Saturday, James Fred struck his head against a stud and received an ugly scalp wound. He went to the company's hospital at Peru this morning to stay until he is able to work. Mr. Fred has been very unfortunate during his residence in Fort Wayne. Last July he was taken with an affection of the ears and for awhile his condition was so serious that it was feared he could not recover. But he got well and is again the victim of misfortune.

INDUSTRIAL NOTES.

J. Haslop, of the Pittsburg planing mills, is sick and off duty.

The Cincinnati, Hamilton and Dayton pay car was in the city Saturday evening.

Nickel Plate Yardmaster Ed Oliphant went to Chicago last night to visit a friend.

Charles Rodenbeck, Wabash boilermaker, went to Toledo this morning to do some work for the company.

Engines 148, 162 and 533 were taken into the back shop of the Pittsburg for general repairs this morning.

Switchman Earl Repine, who was sick three or four days, reported for duty in the Pittsburg yards this morning.

W. H. Dornte, jr., son of the car inspector of that name, has taken a position in the copper shop of the Pittsburg.

Fireman J. E. Perkins, of the Pittsburg, has gone to the country to see a relative, who is said to be dangerously sick.

Boilermaker P. C. Cunningham, who had an eye removed a week ago, resumed work at the Wabash shops this morning.

Two car loads of boilers and their fixtures left the Bass works today, consigned to a manufacturing firm in Oneonta, N. Y.

After an illness of three weeks C. S. Roberts was able to resume his duties in the power station at the Pittsburg shops this morning.

W. L. Yergens this morning began an apprenticeship at the Wabash machine shop, being assigned to Foreman Orvill Hudson's department.

Sales Superintendent F. S. Hunting, of the Fort Wayne Electric company, left for New York last night, his mission being business for the firm.

Charles Miller and Joseph Conrad, boilermakers' helpers, who were employed at the Bass works for some time, took positions in the Pittsburg shops this morning.

Bert Olds, William Driftmeyer and Stuart Reherer, construction men in the employ of the Fort Wayne Electric works, came in off the road Saturday, after completing the installation of some plants.

The Pennsylvania company has ordered the renewal of the telegraph wires between the city and the junction and the wire for this purpose has already arrived. There are eight wires to be renewed.

Marcus Freiburger resigned his position at the Electric works Saturday night and will enter the grocery business with his father, Ignatius Freiburger, who is about to open a store on West Wayne street.

F. C. Daseler and J. L. Smethers have resigned their positions with the Chicago Rug company, on Superior street, with the intention of engaging in the manufacture of rugs on their own hook in the near future.

The Misses Mary Kelcher and Anna Ahearn, of the McKinnie house, received direct from Ireland this morning a liberal box of shamrock, and many of their friends were supplied with a boutonniere from the lot.

Supt. G. M. McKee, of the Mobile and Ohio, who was visiting friends here, left for Mobile last night, on receipt of a telegram calling him there. He expected to visit in Detroit before going south, but had to forego that pleasure.

Conductor George McCormick and Brakemen W. P. Bardelman and A. Bressler, of the Nickel Plate, are taking a few days rest. L. F. Brokaw, a brakeman, reported for duty after being off duty on account of his wife's sickness.

The American Bridge company has secured the contract for the steel structural work of the viaducts and bridges on the Wabash road at its entrance into Pittsburg. It is estimated that 30,000 tons of steel will be used at a cost of $3,200,000.

The Gruber boiler shop, on Barr street, which was damaged by fire a few weeks ago, will be rebuilt upon a larger scale, having dimensions 100x40 feet. Mr. Gruber will also put in some air compressor tools and otherwise improve the equipment.

The most important of the shipments from the electric light works today were four motors to Buffalo and one to Lincoln, Neb. Some big consignments will be made from the works this week, if nothing happens to interfere with the testing of the machinery.

A telegram from Mrs. Murray, who has been in Indianapolis at the bedside of her mother for two weeks, called Boiler Foreman James Murray, of the Wabash shops, to that city Saturday night. The sick lady was reported much worse and her condition dangerous.

Indianapolis Journal: "Eight firemen on the Pittsburg, Fort Wayne and Chicago were last week promoted to engineers and six on the Panhandle. The companies are placing so many new engines in service that there is a great opening for firemen who are competent for promotion, said one of the officials."

Born, to Mr. and Mrs. Emil Deister—an eleven-pound boy. This is the first heir in that family and he brings the greatest joy to the proud parents. Mr. Deister is a machinist at the Bass works, but the failed to report for duty this morning, being engaged, the boys say, in gathering a supply of cigars for his shop associates.

Victor Conrad, day operator at the Lake Shore offices, resigned Saturday to engage in the restaurant business at Chicago. The vacancy was filled by the promotion of G. M. Ramsey, night operator. H. V. Ferree, of Grand Rapids, has taken the night trick. Mr. Conrad and Mr. Ramsey were employed several years at the Lake Shore offices.

Rather than injure his candidacy for mayor of Peru by moving his official headquarters to this city, as instructed by the management of the Wabash, William Odum has resigned the position of chief lineman for the company. In connection with notice of his resignation, the Peru Journal was quite complimentary to Mr. Odum, who seems to be a popular man. He is quite well known here.

Ringling Brothers will receive two more car loads of animals from Africa for their menagerie in a few days, and they will pass through this city, over the Pittsburg, en route to Baraboo, going by Adams express. The car load mentioned last week included one of the largest camels ever brought to America, it being over eight feet tall. Thomas C. Boylan had charge of the animals in transit.

Conductor Ed Nulf, of the Pennsylvania, has returned from a more or less successful hunting expedition in the western part of the state. In honor of the occasion the bard of the company has written the following lines, which he dedicates to the brave Nimrod:

"One less duck on the mushy marsh,
One less on the gulf;
We saw him leave on eastbound train
With little Eddie Nulf."

A RICH MAN'S REMEDY.

Rich men are almost always hard-headed and skeptical. Business life makes them careful, cautious and conservative. Hon. Peter Gendron, of Toledo, O., is a self-made man of wealth. When he retired a few years ago from the management of the great Gendron Iron works it was with the intention of traveling to regain his health. Hard work had worn him out. Some one mentioned LEROUX'S BLOOD REMEDY to him. The rich man laughed scornfully. His friend persisted, and, still laughing, he tried the medicine. "If you convince me," he said, "that this medicine is the great tonic and purifier you claim, I'll go back into the harness and make it famous." He was cured. So were three of his friends. He kept his word, and is devoting his life to the remedy that cured him, and is now president of the Leroux Medicine Co. As bright eyed and energetic as a boy, at the age of 80 years, he is a living advertisement for his own medicine. This wealthy man will take time to send you a personal letter if you will only ask him, and his company physician, Dr. Whiteford, will give your case personal attention free of charge. Write today. Your druggist has Leroux's Blood Remedy. Mr. Gendron says positively that he can cure the worst cases of Rheumatism, Catarrh, Eczema, Scrofula, Blood Poison, or any ailment arising from impure blood, even including Cancer.

ONE PATIENT AT PEST HOUSE

EMPLOYE OF KNITTING MILLS IS STRICKEN.

Sanitary Police Have Blossomed in New Uniforms—The News of the City Hall.

The new isolation hospital on the county poor farm has been comfortably provided with all the best sanitary appliances, nurses have been installed and the first patient delivered there was John Buelow, whose home is at 536 West Fifth street. Buelow, who is an employe at the Knitting mills, has been sick at his home since a week ago Friday, but it was not until yesterday that smallpox developed, and as he has not been at the mills for considerably over a week, there is no danger of unusual trouble at that institution. Dr. Macbeth was called yesterday to examine the case, which he at once pronounced smallpox, and also ordered the immediate removal of the patient to the new hospital. Meantime the Buelow family was vaccinated, the house was fumigated and every precaution taken to prevent a spread of the disease from that quarter.

Yesterday afternoon Dr. Macbeth went to Huntington, where he personally investigated quarantine conditions. He found that the Huntington physicians and board of health, as well as the citizens, were working harmoniously and with perfect co-operation and that all sanitary precautions were being enforced, and, briefly, that there is no danger of infection from that quarter.

HEALTH POLICE IN UNIFORM.

The notable thing about the city hall this morning was the gorgeous uniforms of Sanitary Policemen A. J. Aubrey and Charles Broeking, who blossomed out in stunning array on this St. Patrick's anniversary. The uniforms are of dark blue cloth, of the same shade and quality as worn by the other officers. The cap is of a different pattern than that worn by the policemen and is decidedly handsomer. On the front of the cap in gilt embroidered letters are the words "Sanitary Police," while the silver star worn on the left breast bears the same inscription. The uniforming of the sanitary police force will without doubt add to the efficiency of the department. All people have a more wholesome regard for a mandate that is backed up by a blue suit, with brass buttons sewed on to it, than they have for a notice delivered by a person in citizen's clothes. In sanitary work, especially, is this true. A man in plain clothes is looked on as a meddler, while one in uniform commands respect. The only member of the city department now clothed with police powers, but still ununiformed, is License Inspector Trommel. Mayor Berghoff says that Officer Tremmel will be likewise provided within a very short time.

CITY HALL NOTES.

The bi-monthly pay day for street and park forces occurs tomorrow. About $1,100 will be disbursed.

The board of works is in session this afternoon, transacting only miscellaneous business.

VARICOCELE!

Have You Got It?
We Will Cure You In Five Days.

Do not waste time taking medicine, applying local applications, electric belts or suspensories. You burn your money. That kind of treatment will never cure you. Never a day passes without a number call at our office suffering from this terrible malady, Varicocele, telling us their misfortune of falling in hands of quacks; been treating with them from one to five years—spending a small fortune and now worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come to us and be cured.

It matters not by whom you have been treated, how long a sufferer or how bad a Varicocele you have; we will cure you just as sure as 2 and 2 are 4. If we don't, not one cent will it cost you. Our treatment for Varicocele is painless, no cutting, no blood and will not stop you a day from your daily work. If you are a sufferer from Varicocele, call at our office and we will gladly explain our method of curing this malady. This will cost you nothing and we will explain to your own satisfaction that WE CURE VARICOCELE TO STAY CURED.

$500.00 FORFEIT

1st. For any case of Varicocele we accept and fail to cure.

2nd. To any one we have treated for any trouble and not satisfied.

HER HUSBAND FIRST MAYOR

MRS. HESTER A. WOOD DIES AT ADVANCED AGE.

Widow of Late Hon. G. W. Wood Succumbs to Infirmities of Age —Other Mortuary Matters.

Mrs. Hester A. Wood, widow of the late Hon. George W. Wood, who was the first mayor of Fort Wayne, died at 4 o'clock Sunday morning at her home, 50 West Superior street. Mrs. Wood was about 75 years of age and her death was due to heart failure from exhaustion of advanced age. For a number of months Mrs. Wood had been in feeble health and shortly before retiring Saturday evening she complained of not feeling well. Then followed a rapid decline, which ended in her death at the dawn of a new day.

Mrs. Wood was born at Watertown, N. Y., where some relatives are yet living. She was united in marriage in 1847 to George W. Wood, who then resided in Fort Wayne, and had been its first mayor, in 1840-41. She at once took up her residence in this city and has since made it her home. Her husband was for many years prominent in business life and was publisher of the Fort Wayne Times.

Mrs. Wood was very widely known and universally esteemed. She was hospitable and kindly, with a bright intellect and retained through her later years a wonderful fund of pioneer reminiscence of life in Fort Wayne when it was little more than a village. The only relatives residing in this city are a sister, Mrs. Lydia Robinson, and a nephew, Fred M. Smith, the hardware merchant.

The funeral services will be held from the residence Wednesday afternoon at 2 o'clock. Rev. Dr. Moffat will officiate and the interment will be at Lindenwood, beside the remains of her husband. The pall bearers will be Messrs. J. M. Moderwell, W. T. Brackenridge, Joseph V. Fox, Thomas L. Lloyd, B. F. Harper and Clark Fairbank.

GEBERT.

Carl Frederick Gebert, son of Mr. and Mrs. John Gebert, of 2034 South Hanna street, died at 6:15 o'clock this morning from peritonitis, at the age of 8 years and 3 days. The lad was an unusually bright and lovable little fellow and was an attendant at the Grace Reformed and Baptist mission Sunday schools.

Funeral services will be held Wednesday morning at 9 o'clock from Grace Reformed church, Rev. Zartman officiating. The interment will be at Bower's cemetery.

MAGIER.

Stephen Magier, 45 years of age, died this morning at St. Joseph's hospital after a brief illness from pneumonia. The patient was taken to the hospital on Saturday.

Mr. Magier was a native of Australia, where a wife and three children survive him. He had been in the employ of the Pennsylvania Railroad company in this city. A brother, Anthony Magier, resides at South Bend.

FUNERAL ANNOUNCEMENTS

Shea.—Funeral services of Mrs. Bridget Shea will be held Tuesday morning at 9 o'clock from St. Patrick's Catholic church.

Mauk.—Funeral services of Major F. M. Mauk will be held from the residence, 61 Maude street, Thursday afternoon, at 2 o'clock. The Masonic fraternity will have charge of the services.

GENERAL TRACY IMPROVED.

New York, March 17.—General Benjamin F. Tracy, who was taken seriously ill in court last Saturday, was said to be much improved today.

Miss Sheridan has gone to Chicago to attend the millinery openings.

ANNUAL MEETING.

The annual meeting of the Humane society will be held in the assembly room of the court house tomorrow afternoon, at 2 o'clock, for the purpose of electing a board of directors. All members are invited.

THE JACOBS SALE

ATTRACTS MUCH ATTENTION AND MANY BUY.

No One Wanting to Buy a Piano Should Allow the Opportunity to Go By.

Why not buy one of these beautiful pianos at the March sale of the Jacobs' Music House. Scarcely ever are such beautiful instruments placed on the market at almost cost and upon easy payments. Think of such high grade pianos as the Kranich & Bach, Raymond, Weber, Chickering, Haines and like makes, being sold in this way. You may not be exactly ready to purchase a piano now, but it will pay you to consider the proposition made you in this sale and buy one on the easy payment plan. You can take it all up at any time, and it is, in fact, making money to buy a good thing at a low price when the opportunity presents itself.

At any rate, it costs nothing to look into this. Step into the warerooms at 117 Calhoun street and see what can be bought in the way of a piano or organ at a very little money. There are no cheap, trashy goods, but regular makes sold by Geo. Jacobs for twelve years upon which he built up a reputation.

Late popular music at 7c per copy, and slightly worn 50c folios at 10c apiece. Everything else in the music line at reduced prices.

GEO. JACOBS, Leading Music House, 117 Calhoun street.

You can buy nice new Piano, warranted for five years, for $156 on easy payments at the March sale of the Jacobs' Music House, 117 Calhoun. 15tf

AN EVENT OF IMPORTANCE TO LADIES.

We inaugurate this morning and continuing all week a series of helpful, instructive demonstrations, and free fittings of.....

HER MAJESTY'S CORSETS

and other products of the Princess of Wales Company. Giant strides have been made the past year by the makers of the world-found, HER MAJESTY'S CORSETS. While the old familiar styles have retained their well earned popularity, newer and very useful models have been brought out, and now many who formerly thought HER MAJESTY'S CORSET unsuited to them, like it better than any other make.

Sustaining and comfortable, symmetrical and serviceable healthful and economical and the new and old styles of HER MAJESTY'S will find new friends wherever and whenever it is brought to notice.

The FREE FITTINGS which we have provided for by the engagement of Miss Williard, for all this week, will help make a visit to our corset section profitable and pleasureable.

HER HUSBAND FIRST MAYOR

MRS. HESTER A. WOOD DIES AT ADVANCED AGE.

Widow of Late Hon. G. W. Wood Succumbs to Infirmities of Age —Other Mortuary Matters.

Mrs. Hester A. Wood, widow of the late Hon. George W. Wood, who was the first mayor of Fort Wayne, died at 4 o'clock Sunday morning at her home, 50 West Superior street. Mrs. Wood was about 75 years of age and her death was due to heart failure from exhaustion of advanced age. For a number of months Mrs. Wood had been in feeble health and shortly before retiring Saturday evening she complained of not feeling well. Then followed a rapid decline, which ended in her death at the dawn of a new day.

Mrs. Wood was born at Watertown, N. Y., where some relatives are yet living. She was united in marriage in 1847 to George W. Wood, who then resided in Fort Wayne, and had been its first mayor, in 1840-41. She at once took up her residence in this city and has since made it her home. Her husband was for many years prominent in business life and was publisher of the Fort Wayne Times.

Mrs. Wood was very widely known and universally esteemed. She was hospitable and kindly, with a bright intellect and retained through her later years a wonderful fund of pioneer reminiscence of life in Fort Wayne when it was little more than a village. The only relatives residing in this city are a sister, Mrs. Lydia Robinson, and a nephew, Fred M. Smith, the hardware merchant.

The funeral services will be held from the residence Wednesday afternoon at 2 o'clock. Rev. Dr. Moffat will officiate and the interment will be at Lindenwood, beside the remains of her husband. The pall bearers will be Messrs. J. M. Moderwell, W. T. Brackenridge, Joseph V. Fox, Thomas L. Lloyd, B. F. Harper and Clark Fairbank.

GEBERT.

Carl Frederick Gebert, son of Mr. and Mrs. John Gebert, of 2034 South Hanna street, died at 6:15 o'clock this morning from peritonitis, at the age of 8 years and 3 days. The lad was an unusually bright and lovable little fellow and was an attendant at the Grace Reformed and Baptist mission Sunday schools.

Funeral services will be held Wednesday morning at 9 o'clock from Grace Reformed church, Rev. Zartman officiating. The interment will be at Bower's cemetery.

MAGIER.

Stephen Magier, 45 years of age, died this morning at St. Joseph's hospital after a brief illness from pneumonia. The patient was taken to the hospital on Saturday.

Mr. Magier was a native of Australia, where a wife and three children survive him. He had been in the employ of the Pennsylvania Railroad company in this city. A brother, Anthony Magier, resides at South Bend.

FUNERAL ANNOUNCEMENTS

Shea.—Funeral services of Mrs. Bridget Shea will be held Tuesday morning at 9 o'clock from St. Patrick's Catholic church.

Mauk.—Funeral services of Major F. M. Mauk will be held from the residence, 61 Maude street, Thursday afternoon, at 2 o'clock. The Masonic fraternity will have charge of the services.

GENERAL TRACY IMPROVED.

New York, March 17.—General Benjamin F. Tracy, who was taken seriously ill in court last Saturday, was said to be much improved today.

Miss Sheridan has gone to Chicago to attend the millinery openings.

ANNUAL MEETING.

The annual meeting of the Humane society will be held in the assembly room of the court house tomorrow afternoon, at 2 o'clock, for the purpose of electing a board of directors. All members are invited.

FOR CORONER.

Editor Sentinel:—Please announce my name as a candidate for coroner of Allen county, subject to the decision of the republican nominating convention.

DR. JAMES A. LOMAS.

THE JACOBS SALE

ATTRACTS MUCH ATTENTION AND MANY BUY.

No One Wanting to Buy a Piano Should Allow the Opportunity to Go By.

Why not buy one of these beautiful pianos at the March sale of the Jacobs' Music House. Scarcely ever are such beautiful instruments placed on the market at almost cost and upon easy payments. Think of such high grade pianos as the Kranich & Bach, Raymond, Weber, Chickering, Haines and like makes, being sold in this way. You may not be exactly ready to purchase a piano now, but it will pay you to consider the proposition made you in this sale and buy one on the easy payment plan. You can take it all up at any time, and it is, in fact, making money to buy a good thing at a low price when the opportunity presents itself.

At any rate, it costs nothing to look into this. Step into the warerooms at 117 Calhoun street and see what can be bought in the way of a piano or organ at a very little money. There are no cheap, trashy goods, but regular makes sold by Geo. Jacobs for twelve years upon which he built up a reputation.

Late popular music at 7c per copy, and slightly worn 50c folios at 10c apiece. Everything else in the music line at reduced prices.

GEO. JACOBS, Leading Music House, 117 Calhoun street.

You can buy nice new Piano, warranted for five years, for $156 on easy payments at the March sale of the Jacobs' Music House, 117 Calhoun. 15tf
